SIH-2022 -Reg.

Respected Sir,

Internal review has been conducted between 28.02.2022 and 01.03.2022 for short listing the teams for the internal hackathon. Internal hackathon is planned to be conducted on 05.03.2022 (Saturday) via online G-meet platform. As per the guidelines of SIH, teams participating in the internal hackathon have to be evaluated by external expert members (minimum three members) from industry and academia.

As per the suggestions given by the organizing team members, the following expert members have been identified for evaluating the teams in internal hackathon.

- 1) Mr. Shriram Vasudevan, Project Manager at L&T Technology Services Limited, Coimbatore.
- 2) Mr. Aditya Sambamoorthy, Founder & CEO at InLustro, Chennai
- 3) Mrs. Vasantha Subbiah, Vice President, Fluxgen Technologies, Bangaluru.
- 4) Mr. Dhanavelan Jegadesan, Senior Project Manager, Infosys.

Hence, the Principal is requested to accord approval for the expert team members of Internal Hackathon 2022 and forward this proposal to our respected Secretary for further approval.

Thanking You,

Sub : Proposal for conducting Internal Hackathon to select the teams for participating in SIH-2022 Software & Hardware Edition-Reg.

Respected Sir,

In view of the conduction of internal hackathon 2022 on 05.03.2022, certificates for participation and shortlisted teams and appreciation certificates for the internal juries need to be designed and printed. For the conduction of previous event internal hackathon 2020, the amount spent was nearly 29,000/-

The estimated budget for the conduction of internal hackathon 2022 is given below for your kind perusal.

Certificate designing and printing

Participation certificate 85 teams x 6 = 510	8,000/-
Certificate for the shortlisted teams 15 teams x 6 = 90	1,500/-
Certificate for internal Juries (27 members)	450/-

Remuneration for external Juries (3 members-Rs.5000/- per expert) 15,000/-

4
Total 24,950/-

Rs 29,950/-

Hence, the **Internal Hackathon** at our institution may be permitted to be conducted through online on 05.03.2022. Our respected Principal is requested to accord approval for the conduction of Internal Hackathon 2022 and forward this proposal to our respected Secretary for further approval.

SMART INDIA HACKATHON-2022

Submitted By : P.Shanmugapriya, SPOC, SIH-2022

Submitted To : The Principal

Sub : Proposal for conducting Internal Hackathon to select the teams for participating in SIH-2022 Software & Hardware Edition-Reg.

Respected Sir,

All India Council for Technical Education (AICTE) organizes Smart India Hackathon 2022, a unique initiative to identify new and disruptive digital technology innovations for solving the challenges faced by our country.

As per the guidelines given by the SIH, call for **Team formation and idea submission** process are circulated through **Whatsapp group** to the students. Heads of various technical departments and SIH department coordinators have motivated the students to register for Internal Hackathon and bring out the solutions for the problem statements. Hence, the **Internal Hackathon** at our institution may be permitted to be conducted in the **First week of March**. The Internal Hackathon may be planned with **Internal Jury members and External Jury Members** to select the teams which will participate in the actual SIH 2022. Experts for the evaluation of teams in the internal hackathon may be invited from Industry and Academia.

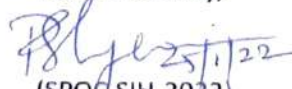

Steps to be followed towards the conduction of Internal Hackathon 2022:

1. Problem statements are unveiled to students on the portal. They are supposed to form a team of 6 members including at least one female member as mandatory.
2. The teams can come up with their own ideas against the problem statements and submit them to the nominated faculty or SPOC of our college.
3. The **last date for team formation and registration** for participating in the internal hackathon may be provided as **8th Febraury 2022**.
4. According to the instruction given by SIH, the college SPOC will register on the SIH portal. SPOC Registration for the year 2022 is not yet opened in the website. College SPOC Registration link is available in the idea submission process pdf displayed for 2020 only.
5. It is specified in the SIH website that the idea submission process starts from 26th January 2022 and the last date for the submission has been specified as 31st March 2022.

Hence, the Principal is requested to accord approval for the conduction of Internal Hackathon 2022 and forward this proposal to our respected Secretary for further approval.

 Sub : Proposal for conducting internal review for short listing the teams for internal hackathon-Reg.

Respected Sir,

As per the instruction given by SIH 2022, Internal Hackathon (hackathon competitions at individual college level) is to be conducted for short listing the teams that have submitted ideas. The top 7 teams (5 teams for Software edition and 2 teams for Hardware edition) nominations (from internal hackathon) must be submitted on the SIH portal by the College SPOC. 2 teams can be nominated in waitlist under each category. 103 teams (Hardware: 38 Software: 65) have registered for internal hackathon.

In this connection, it may be permitted to conduct internal review by domain experts for the registered teams in order to give suggestions to improve their presentation. Teams have registered under software and hardware stream. Based on their registration category, they will be evaluated by four panel members.

Organising team members of the internal hackathon 2022

For software stream

Dr.S.A.Sahaya Arul Mary, HoD/CSE
 Dr.V.Punitha HoD/IT
 Dr.S.M.Girirajkumar, HoD/ICE

For Hardware Stream

Dr.M.Santhi, HoD/ECE
 Dr.C.Krishnakumar, HoD/EEE
 Dr.G.Jayaprakash, HoD,MECH

As per the suggestion given by the organising team members the following faculty members are nominated for evaluating the teams.

Report on Smart India Hackathon -2022 (SIH 2022)

For the SIH 2022, a total of 594 students registered as 99 teams and the initial selection was done in two stages. In stage one, the screening was carried out by internal experts while in the second stage the screening was done by external experts. Out of the 99 teams 44 were selected in stage one and in stage two only 30 teams were shortlisted for uploading their ideas in the SIH website for screening by SIH technical experts..

In the pre-screening conducted by Overall SIH technical experts, six teams were shortlisted out of the 30 teams for participating in the SIH Grand Finale. Five teams were selected under software category and one team was selected under hardware category to exhibit their proposed models in the grand finale that was conducted at various nodal centers namely, Bangalore, Ernakulam, Salem, Ahmedabad and Kanpur.

The team NEOSPARKERS that participated in the Smart India Hackathon 2022 Grand Finale held between 25-08-22 and 29-08-22 at R V University, Bangalore was adjudged as the joint Winners of SIH - 2022 (hardware stream) along with SRM University, Chennai. The winning team proposed a model for the problem statement on finding a “Solution to detect air quality inside the cabin and improve it”, posted by Volvo.

The team received a cash award of Rs.50,000/- from SIH-2022. In order to motivate the students further and encourage such endeavours, our college management matched the cash award of Rs 50,000 given by SIH-2022. Thus, the winning team clinched a total cash award of one lakh rupees.

As a token of appreciation of the efforts taken by the team mentor, Mr. G. Sivakannu, Asst. Professor, Department of ECE and the SPoC of SIH 2022 Dr. P. Shanmugapriya, Associate Professor, Dept of ECE were awarded Rs 5,000 each, by the college management.

Members of the winning team **Neosparkers** – and the other teams are given in the Table below:

Huawei and Party A are hereinafter individually referred to as the
"Party" and collectively, the "Parties".

Part I: Cooperation Provisions

1. Cooperation background

In order to respond to the Global digitalization needs, comprehensively promote the collaboration of Academic institutes and enterprises in education, give full play to the advantages of both universities and enterprises, train more high-quality and high-skilled applied talents with good professional knowledge and practical skills for the society, and promote the deepening of educational reform in universities and improve the quality of talent cultivation, based on the principles of resource sharing, complementarity, mutual benefit and common development, both universities and enterprises actively explore the establishment of pluralistic, multi-level and multi-form cooperative relations between universities and enterprises.

2. Company Overview:

HUAWEI Mobile Services is part of Huawei Consumer Business Group which aims to provide a complete mobile experience to HUAWEI mobile users. The users can enjoy official services such as Mobile Cloud, AppGallery, Videos, and Themes etc. which comes along with EMUI operating system. HMS covers 700 million users in over 170 countries, serving a smart living experience to benefit users. In the era of a fully connected world, HUAWEI will provide a better user experience and fulfilling commitment to bring the world closer together.

Huawei is a leading global provider of information and communications technology (ICT) infrastructure and smart devices. With integrated solutions across four key domains which are telecom networks, IT, smart devices, and cloud services. Huawei is committed to bringing digital to every person, home and organization for a fully connected, intelligent world.

As one of Huawei's three business groups, Huawei Consumer Business Group is the leader of all-scenario AI life. It covers smartphones, PC and tablets, wearables, mobile broadband devices, family devices and device cloud services. Huawei Consumer Business Group is dedicated to delivering the latest technologies to consumers and sharing the happiness of technological advances with more people around the world.

3. Cooperation Mode and Content

After friendly negotiation, both parties agree to carry out an online training course/session on Mobile Application Development in the HUAWEI Mobile Services (HMS) ecosystem for the students of the university.

4. Objective/Purpose:

The key objective is to provide a learning and training platform to students of the university who are interested, dedicated and passionate to learn and do some innovation in the space of mobile app development using HMS. This training program will provide an opportunity for the students to upgrade their skills and showcase their hidden talent by coming out with innovative and smart mobile apps that can have a significant impact on society, the nation and the entire humanity.

The most active and top performers or innovators will be recognized under HSD Program and will be rewarded in the form of certificate for their hard and smart work to continue represent the HMS community and conduct regular community activities.

5. Plan of Action/Scope of Work:

Tasks and Responsibilities from Huawei side:

- Webinar on The Future of App Industry will be conducted for all the University Students.
- The training will be conducted by the HMS expert from Huawei.
- The training duration will be of 5 weeks.
- The programming language will be **Java**
- The course will start from MM/YYYY and expected to get complete by end of MM/YYYY
- The **Zoom** or **Welink** will be used to create virtual classes for students with professors.
- The training session will be both theoretical and practical classes including Hands-on experience.
- Exams for students and feedbacks for trainers will be taken to evaluate their performances.
- During the training, students will be encouraged to build sample applications and release applications in **AppGallery**.

- Huawei team will provide end to end support in resolving all technical queries, doubts, application development and deployment with respect to HMS.
- After the course completion, Huawei will support all the eligible participants to get the **Certificate**.

Tasks and Responsibilities from University side:

- Encourage all the students to know about mobile app industry and create Huawei Developer ID to access developer tools.
- To circulate the HMS training information, to identify the students interested to attend the sessions.
- To facilitate the interested students to join the training sessions with appropriate guidance.
- To appoint professor and support staff as coordinators between Huawei and students.
- Make sure to meet the minimum expectation of 150+ participants for every training session.
- Professors to recommend suitable students for Student community organizer Role.
- Professors and other support staff members to ensure students complete assigned tasks and bridge the communication gaps.

Course Structure with Timelines

HMS Foundation
course training 5 wee

Train the trainer program for HMS foundation course

- 10 Teachers can join the Foundation course along with Students
- Teacher need to learn all the topics and develop applications along with students

- If the Application selected is big and complex, teacher can lead batch 4-5 students and develop the application
- Teachers can apply for the program Huawei Academy Teacher
- Once teacher get selected, Teachers can contribute articles and videos on Huawei developer forum & training portal
- Teachers also can produce advanced training videos and developer stories/case studies on Huawei training platform

Guidelines to be followed:

- Students who completes the entire course and successfully deploy an application into AppGallery are eligible for a certificate.
- The certificates will clearly highlight the logo of Huawei along with the name of the participant, course title, appropriate seal and signatures in digital format.
- Only soft copies of the Certificate (e-Certificate) to be provided and no hardcopies.
- All the students should create their Huawei Id for accessing HMS Kits and other services for building mobile applications and deploying in AppGallery.
- Top performing students can support in mentoring other students and resolving an initial set of queries.
- The University should coordinate with the students in registering them & making them attend the sessions without any difficulties.
- The university can recommend selective potential students for the role of Huawei student developer organizer, but the final call has to be taken by the HMS team.

6. Future Plans:

- Based on the successful execution of this training program we can plan for an extension of the training sessions with some advanced tutorials having more and more hands-on sessions.
- University can adopt HMS content in Curriculum

- Huawei can provide an opportunity for suitable students to become Huawei Developer Experts and Huawei Community Leaders.

Curriculum system construction

In order to achieve the goal of cultivating practical and complex talents, the curriculum design and adjustment of talent cultivation plan are based on the needs of enterprises and industries. Based on HMS and HarmonyOS technologies, build a flexible curriculum system, integrate the curriculum into the college teaching system, set corresponding credits, and jointly develop teaching plans and talent cultivation solutions that meet enterprise requirements. Explore a teaching model driven by industry requirements and centered on engineering practices. The curriculum of teaching planning emphasizes the foundation, strengthens practical technology, case teaching and engineering practice.

7. Feedback Collection Mechanism:

- Every week, an online feedback form will be shared to participants with a list of questionnaires finalized between the HMS team and University officials.
- The HMS team will collect the feedback and will share it with university officials.
- Based on the feedback from students, the HMS team will fine tune the ongoing sessions and will make necessary changes.

8. Terms and Conditions:

- Huawei will not be responsible for slow internet connectivity or network issues faced by the students during the entire training program.
- Huawei reserves the right with prior notification to make changes in the course structure, course duration, training topics and contents as mentioned above.
- University officials needs to provide prior notification to Huawei if postponing any particular training session or changing prefixed time slots.

- Trainers appointed by Huawei can only take the sessions and training materials approved by the HMS team will be used only during training sessions.
- The training timings can be decided based on the mutual discussions between the HMS team and university officials.
- All the training materials and training sessions will be provided in English language only.

Part II: General Provisions

1. Legal Effect

The Parties understand and agree that, except for all clauses of Part II General Provisions specified herein, this MOU only reflects the intent of the Parties and shall not be binding upon the Parties, not intended to create any rights or obligations between the Parties.
