DEPARTMENT OF ENGLISH

Date: 06-03-2023

The Department of English actively engages in both curricular and co-curricular activities for the students, fostering confidence in the use of the English language, both written and spoken. This department extends its support to students from various disciplines, including those in their first, second, and third years, as well as MBA students, aiming to enhance their language, communication, and soft skills. Utilizing Orell Software and an advanced LED wall mount Projector, the department facilitates Career Lab and Language Lab activities.

The software, accessible to nearly 70 users simultaneously with a Teacher Console, focuses on honing LSRW skills, phonetics, group discussions, pronunciation skills, telephone etiquette, debates, essential English grammar, letter writing, CV building, body language, personality development, public speaking, situational conversations, and presentation skills. This comprehensive approach significantly benefits a large number of students.

Beyond the regular curriculum, the department prepares future technocrats to navigate campus interviews successfully. Students are trained to actively participate in group discussions, present themselves effectively, handle complex situations, and excel in verbal ability tests through dedicated Training and Placement classes. They are also encouraged to take on various responsibilities through associations, adapting to the evolving landscape while preserving our traditional and cultural values.

In order to unearth the hidden potential of students, the department organizes various competitions that allow them to showcase their creativity on different occasions. On the occasion of the birth anniversary of our Founder Secretary Shri.K.Santhanam on 3rd February 2023, the Department of English conducted various competitions and honored the winners with the overarching goal to foster holistic development among the students.
