From 1 January 2025, the Australian Government is setting the total number of new overseas student commencements at higher education and vocational education and training institutions in Australia each year. This number will be reviewed and agreed upon by the Government annually.

The University reserves the right to withdraw this offer should the University need to do so in order to meet external regulatory and/or legislative requirements (including caps on international student numbers).

Due to these external regulatory restrictions around international student admissions we encourage you to accept your offer and apply for your visa early. This offer has an acceptance deadline as outlined on the online acceptance portal. As enrolment in this course is limited, places will be granted in the order that acceptances are received, including receipt of first payment. Once the acceptance deadline passes or all places are filled this offer will automatically lapse, making it unavailable for acceptance for the intake offered.

Once you have finished accepting your offer, Admissions will send you a Confirmation of Enrolment, and information on how to apply for a visa to study at UWA. This is your cue to start preparing your visa, travel, and accommodation – if you haven't already!

Accommodation and Travel

By joining us you may have the option of living at a UWA residential college or in off-campus housing. To find out more and to apply, please go to the [UWA Accommodation website](#).

Make sure you read all the information on obtaining a visa and living in Perth, which you can find on our [International Students website](#). Accommodation on or close to the campus is in high demand, so you should consider this as soon as possible. If you are under 18 years of age at the time you are applying for a student visa you must consult the [University website](#) as soon as possible. You will need to submit the requested information as part of the online acceptance process and follow carefully the procedures outlined.

Orientation and Enrolling Online

Once you have fully accepted your degree offer and received confirmation from Admissions, and provided you do not have any outstanding conditions or payment due, you will be able to enrol in your degree course online. If you still have outstanding conditions you must submit these to Admissions before you will be able to enrol.

You are required to attend Orientation, which usually occurs one week before your course starts. You can check on [UniStart](#) for specific details regarding your Orientation, or you may have received separate information regarding your Orientation. [UniStart](#) is UWA's online resource to get you started. It contains information about online course enrolment, the class allocation system (CAS), as well as details for mandatory Orientation events. You can access [UniStart](#) prior to arriving on shore.

Potential Investment

The potential investment in your course of study in the Master of Professional Engineering is AUD \$110,529.00 for 2.5 years of study. This amount is to be used as a guide for the maximum total course cost, including any reduction from recognised prior learning. The calculation is based on a maximum annual course tuition increase of 7.5%. Check the [UWA Fee Calculator](#) for up-to-date information on your course fees.
