Madam,

Sub: Discussions about Issues in the Regulations R 2017 –reg.,
Ref: Lr. No . 002/ AU/FICE- BOS/CAC/ 2019-

With the above cited reference letter, the points to be discussed in the BoS meeting to discuss the R2017 issues, to be held on 25-01-2019 are as follows.

1. The students failed in theory and practical courses may be allowed to register for the reappearance in all the subsequent semesters.
2. Internal Assessment marks scored by the students in the failed subjects may be considered for the reappearance also instead of writing the Internal Assessment Tests for the failed subjects.
3. Credit limit registration in each semester may be removed or credit limit may be increased.
4. Zonal-wise moderation in valuation could be done instead of moderation considering all the zones together.
5. In Integrated circuits Lab/Electronics Lab/Communication Lab, the no. of equipments for CRO/DSO/MSO together may be given instead of specifying the numbers for CRO, DSO and MSO each separately.
6. Some of the experiments mentioned in DSP Lab could be conducted with Function generator & CRO as separate equipments which are already available in the lab or with the newly introduced Analog Discovery kits. Hence, the no. of equipments required may be Analog Discovery kit/FG&CRO instead of specifying the numbers for Analog Discovery kit and FG&CRO separately.
7. In 7th semester Advanced Communication Lab, SDR NI USRP is given as requirement. If specifically SDR NI USRP needs to be procured or equivalent may also be procured.
