InfyTQ Report

- InfyTQ is a next-generation digital platform to offer the best learning and engagement experiences for engineering students in India by Infosys Ltd. It is a free platform open to all students across India. InfyTQ will help students to stay ahead of new technology and will help them to be Industry ready for the skills of today and tomorrow. Students can enjoy an innovative learning experience, with best in class technical (Programming and Databases) and soft skills courses and validate their learning through assessments and certifications at free of cost.
- Students can install the platform on their mobile or access the desktop version and register to get access to high-quality content and learning material to be ready for a dynamic industry.
- InfyTQ comprise the following modules where students can self learn
 - **Module1** : Programming Fundamentals with **72 Hours** of learning and a range of 1 – 61 assignments
 - **Module2** : Object Oriented Programming with **48 Hours** of learning and a range of 1 – 34 assignments

SARANATHAN COLLEGE OF ENGINEERING
DEPT. OF COMPUTER SCIENCE & ENGINEERING

- **Module3** : Data Structures and Algorithms with **56 Hours** of learning and a range of 1 – 36 assignments
- **Module4** : Database Management Systems with **72 Hours** of learning and a range of 1– 100 assignments (includes video presentations)
- On completion of learning on the above said modules the students can take up a sample test (100 Marks – 3 Hours) that comprises MCQ question (20 Marks) and Hands – On questions (80 Marks).
- Any interested student (first, second, third year and final year students of any branch of engineering) can register in InfyTQ and continue **learning the course**.
- After learning all four courses successfully, students can register for final Certificate Examination, which is a unique opportunity for students to move their careers forward, with Infosys.
- Students scoring **65 percent and above** in the certification examination will gain two key benefits:
 1. This, Infosys Certification as an endorsement of their industry-readiness.
 2. An on-the-spot job interview opportunity for entry-level technical roles at Infosys with 3.5 LPA.
 3. Based on willingness they can appear for upgrade test for System Engineer Specialist (5 LPA) and Power Programmer (8 LPA)
- The final score will be featured to each student upon completion of the examination. Students who score below the passing score (65%) can apply for 2nd attempt after a gap of one month and 3rd attempt after a gap of three months from the 2nd attempt.
- Students need to access the InfyTQ platform to register for the Infosys Certification. On first come, first served basis, students can select the city of their choice and its corresponding available dates of the certification examination.
- This year during the summer vacation the members of faculty of CSE and IT handled sessions on all the modules of Infosys Foundation Courses for a total of **574** students from all the departments.
- The students attending the classes successfully registered themselves for their exams based on the slots available and a total of 9 students from department of CSE got placed through InfyTQ and added on more feathers.

“Salesforce- Declarative Development for Platform App Builders”

A Five-Day Workshop on “Salesforce- Declarative Development for Platform App Builders” was organized from 10th to 14th of June 2019 by Department of Computer Science and Engineering under the banner Salesforce- Centre Of Excellence. 100 CSE students from II, III and IV year were trained in Salesforce Essentials. The prime objective of this workshop was to expose the students to the usefulness of Salesforce as a tool and enhance their self-learning culture by completing the modules online and in that process earn points and badges.

Theme:

The Salesforce Fundamentals course provided the target audience with an understanding of what’s possible with the Salesforce platform, its specific applications, and their business values and benefits. They were given an overview of the Salesforce Clouds and how they integrate and interconnect. By learning the features and processes of the platform, they were able to effectively support day-to-day Salesforce business operations within the organization. Through five days of interactive lectures, discussions, and hands-on exercises, the students were able to learn to recognize the important elements of the implementation lifecycle, the key considerations to drive user adoption, and the important components of ongoing management of the Salesforce environment.

Resource Persons: 1. Ms. D. Kamatchi Devi, Senior Technical Trainer, ICT Academy
2. Mr. Dinesh Gandhi, Senior Technical Trainer, ICT Academy

Introduction to machine learning techniques using MATLAB

14.06.2018 -18.06.2018

Objective of the workshop:

The course demonstrates the use of unsupervised learning to discover features in large data sets and supervised learning to build predictive models.

Target Audience

Pre final year students of Circuit branches.

Course Content

- Organizing and preprocessing data
- Clustering data
- Creating classification and regression models
- Interpreting and evaluating models
- Simplifying data sets
- Using ensembles to improve model performance

Co ordinator

Hands on Training on Python Programming
4.6.2018- 8.6.2018

Objective of the workshop

This training course leads the students from the basics of writing and running Python scripts

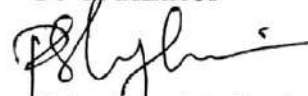

Target Audience

Students who are interested to learn python programming

Course Content

- INTRODUCTION TO PYTHON
- COMPARISON WITH OTHER LANGUAGES
- DATA TYPES – NUMBER, STRING, LIST, TUPLE, DICTIONARY
- OPERATORS
- DECISION MAKING
- LOOPS
- EXCEPTIONS
- MODULES
- FUNCTIONS
- BASICS OF OBJECT ORIENTED PROGRAMMING

14.06.2018 -18.06.2018

Objective of the workshop

This workshop aims focusing the technical issues dealing with digital logics and its applications.

Target Audience

Students who are interested to explore more of digital circuit design logics in FPGA tool flow for real time applications.

Course Content

- VLSI Design Flow
- Introduction to Verilog & VHDL Programming.
- Design and Simulation of Digital Circuits using VHDL and Verilog
- Xilinx Tool Flow
- FPGA-Spartan 3E development kit
- Implementation of Digital Circuits using FPGA – Spartan 3E Kit
- Xilinx MATLAB Co-simulation using System Generator for Spartan & FPGA Kits

"Hands on Training on Domestic and Industrial Systems Automation using Proteus Software"

Participants: III year ECE students

Course Duration : 14.06.18 (Monday) & 18.06.18(Friday).

- The Department of ECE organized "Hands on Training on Domestic and Industrial Systems Automation using Proteus Software" at DSP Laboratory, KS Block.
- The course was conducted by faculty of Department of ECE Ms.P.Sivagamasundhari, Ms.A.Shamim Banu, Ms.V.Aarthi & Ms.G.Lakshmi. They guided the students design and implementation of various analog and digital circuits using proteus software.
- Totally 53 students of third year ECE attended the training.
- PROTEUS is a software suite containing schematic, simulation as well as PCB designing.
- At the end of the training, project contest was conducted and prizes were given to the students.
First prize: Kesavan A & Mahesh T (Project Title: Home Automation)
Second Prize: Kanishka M & Hebeya V (Project Title: Alphanumeric Display)
- The training was convened by Dr.M.Santhi, HOD/ECE.

PREAMBLE:

To get a student employable and placed in an organization; over and above the subject knowledge he/she is expected to have the following:

- Strong Fundamental Engineering Knowledge
- Engineering related Multiple Technical Skills - Develop skills that add value.
- Project Management & Operational excellence - Learn & Acquire the Skills
- Communication & other Soft Skills

While Subject Knowledge would be provided by Saranathan College of Engineering, CADD Centre will equip the students with required industry specific CAD and Project Management skills.

On one hand, thousands of unemployed Engineering graduates are not finding suitable jobs, while on the other hand, Industry requires millions of young minds at all levels but are unable to find the right candidate. This is because of the skill gap that exists between the student and industry requirements. This skill gap is sought to be minimized for the students of Saranathan College of engineering by facilitating them to acquire the appropriate and relevant skills at Saranathan College of engineering itself through this program.

Through this collaboration, CADD Centre through its Business Partner will prepare the students of Saranathan College of engineering to be ready for the industry by the time they enter the final semester and facilitate many of them to secure dream jobs. For this the students have to be nurtured and trained in different areas from the very beginning. Keeping in mind the academic program and the progressive skill development cycle in mind, the programs are spread across their semesters.

CADD Centre through its Business Partner Shall Provide

- Comprehensive CADD Centre reference and work books to all students for each course as part of the course.
- Qualified trainers for the course.
- Periodical assessment of the progress of students for their further improvements.
- 'Certificate of Completion' to every student who successfully completes the training program every semester which will carry the logo of CADD Centre.
- "Certificate of Association" to the college.
- A "link to Saranathan college of engineering website" from CADD Centre website www.caddcentre.com

Permit Saranathan College of engineering to use CADD Centre logo as the Skill Development Partner.

- Welcome Saranathan College of engineering to use CADD Centre strategically based on the need.

Saranathan college of engineering Shall Provide:

- The required number of computer systems in the lab and other required infrastructure for the practice
- The Class rooms with LCD projector for the theory classes.
- The training Schedule and student's strength for the course . The supports to ensure, all students who have signed up for the class, attend the training promgrams scheduled for them
- The relevant software installed in the computer systems.
- Disciplinary support for the smooth conduct and timely completion of the entire course.
- Minimum 40 Hours of Training time.

PARTICIPANTS:

The participants would be the Students of Saranathan College of engineering from mechanical Engineering branch from IInd semester to the viiith Semesters.

COURSE CONTENTS:

CADD Centre and its Business Partner in consultation with Saranathan College of engineering shall finalize the courses and fees for the skills development program. The same is provided in the Annexure – 1. These will be reviewed every year and suitable changes, if required, will be incorporated. As the requirement of each course is different, courses and fees have been worked out separately for each branch.

TIME SCHEDULE

The program(s) will be conducted during the days and timings provided by Saranathan College of Engineering. The students will be divided into batches, depending on the total strength. The program(s) will be conducted according to the Time Table drawn up with the mutual consent of CADD Centre and Saranathan College of Engineering. Utmost care will be taken to frame the time table in such a way that it does not coincide with college exams enabling the student to complete his training ahead of the exams. CADD Centre will not conduct any classes during the time of exams. In case of any change in training schedule the same will be intimated to the Programme Coordinator of Saranathan College of Engineering. Similarly, if Saranathan College of engineering wants a change in training schedule the same may be communicated to the Programme Coordinator of CADD Centre. In either of the cases, a revised training schedule has to be made and the Programme Coordinators of both CADD Centre & Saranathan college of engineering and the respective students must be informed about the change in training schedule by means of suitable media (emails/posters/circulars/notice board displays).

K. San

Programme Coordinator

The Director of Saranathan College of engineering shall appoint a "Programme Coordinator" from each department for the duration of the program, who shall liaise with CADD Centre and CADD Centre's Business Partner and make the training process learner-friendly and effective. CADD Centre shall work in close relationship with the Programme Coordinator, who in-turn shall keep a close touch with the students. In the event of any difference of opinion between CADD Centre and the Programme Coordinator, the matter should be referred to the Principal of Saranathan College of Engineering, whose decision thereon shall be final and binding on both the parties.

COMMENCEMENT OF COURSE

Saranathan college of engineering will ensure that the courses will start within 90 (Ninety) days from the date of signing of MOU. CADD Centre will ensure that the courses will commence from 14/12/2015 (tentative) on intimation from Saranathan College of Engineering. However exception can be made due to reasons mentioned in the Course Completion Clause or due to delay on Saranathan College of engineering side.

COURSE FEES & PAYMENT PATTERN

The course fee per student for each course offered is decided and mutually agreed upon by both the parties. The course fee and the payment pattern are available in the Annexure – 1. The student shall pay the course fee directly to Saranathan College of engineering before the start of the course.

Saranathan College of engineering will make payment by Cheque or DD payable at Chennai in the name of **CADD Centre Training Services Pvt. Ltd.**

CADD Centre shall refund the course fee if courses are not provided as stated in Annexure 1. The Fees for Saranathan college of engineering are mentioned in Annexure 1. In the event of any student not able to attend and is missing out the entire session of classes, the Saranathan college of engineering shall not make the payment towards that student. The amount such paid is subject to tax deduction at source. Saranathan College of engineering will provide tax deduction at source certificate for the same. Saranathan College of engineering will take the responsibility of collecting fees from the students.

COURSE COMPLETION:

While CADD Centre through its Business Partner will endeavor to complete the course as per the schedule mutually agreed upon and mentioned in Annexure 1. CADD Centre will not be responsible and accountable for delay in completing the course due to reasons which are beyond the control of CADD Centre and CADD Centre's Business Partner. Reasons beyond the control of CADD Centre and CADD Centre's Business Partner include – acts of God (including fire, flood, earthquake, storm, hurricane or other natural disaster), war, invasion, act of foreign enemies, hostilities (regardless of whether war is declared), civil war, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, nationalization, government sanction, blockage, embargo, labor dispute, strike, lockout or interruption or failure of electricity or telephone service, failure and non – availability of Computer Systems, non – availability of Classrooms), law and order problems, students unrest/strike/boycott, unscheduled changes in college curriculum and other unforeseen circumstances.

While it is mandatory for the student to have undergone the complete course as mentioned in ANNEXURE 1 to be eligible for a Course Completion Certificate. In case he/she opts out due to any reason an appropriate certificate will be issued for only for that course completed by the student. Students will not be eligible for Certification for the courses that they have not completed.

Neither CADD Centre nor CADD Centre's Business Partner will issue "Certificate of Completion" to the successful student, if full payment is **not** made. Neither CADD Centre nor CADD Centre's Business Partner will refund the fees once paid if the student opts out or discontinues the course at any stage due to any reason.

EXCLUSIVITY

Saranathan college of engineering will ensure that during the period of the MOU, Saranathan college of engineering will **not** allow or permit any of the direct and indirect competitors of CADD Centre to either do any promotional activities, advertising in any form, publicity of any kind, canvass for students and enroll the students. The courses will be conducted by CADD Centre and its Business Partners only.

JURISDICTION

All matters, queries, disputes or differences, whatsoever, arising between the parties touching the construction, meaning, operation or effect of this Memorandum of Understanding or out of or relating to this Memorandum of Understanding or breach thereof shall be settled through arbitration in accordance with the relevant Arbitration Act in force at such time. The Arbitration award shall be binding on both parties.

VALIDITY

Both Saranathan college of engineering and CADD Centre shall have the rights to terminate this MOU by providing **THREE** months notice in writing on their respective letter head only after a minimum period of 3 year. Termination of this MoU for whatever reason shall be without prejudice to the rights of either party and of the students and the ongoing academic programmes.

This Memorandum of Understanding will be valid for a period of Three year.

Dear Sir,

Greetings! IN reference to the previous correspondances and the conversation with you a few days back, Saranathan College of Engineering, hereby wishes to confirm the foll

- Training on the module - " DCS and Field Bus" ie DCS - 3 days and Field bus 2 days
- the dates for training would be from 14-12-15 to 18-12-15
- as done in the previous year we wish to test conducted by you in the end, and give us a feed back on the same

Any other queries please let me know. PI acknowledge and send us the final quotation.

Dear Sir/Madam,

Greetings from ICT Academy!

Thank you for the confirmation towards hosting Day 1, Autodesk- Fusion 360 workshop for students at your esteemed institution on 30th DEC 2016. Please find below the brief on the program.

Autodesk is a world leader in 3D design, engineering, and entertainment software. We at Autodesk believe that today's challenges will be solved by tomorrow's designers.

In this regard, we request your kind permission to conduct a **FOMT Workshop** at your campus on Autodesk Fusion 360, the next generation 3D CAD/CAM cloud software. The workshop has been designed keeping in mind the Product Design Course which we would like to conduct in your college. To start it off, with a free tips & tricks training workshop would be an exclusive opportunity for students to lay hands-on software.

Objective

- To provide students the awareness of Design Lifecycle, Digital Prototyping & Simulation products so as to understand the principals in 3D Mechanical design, visualization and documentation processes that students will use to complete the project.
- Students would get an opportunity to lay hands on Autodesk Fusion 360, next generation 3D CAD/CAM cloud software.
