ECO CLUB

The ECO club of the institution entrusts the staff and students with the primary responsibility of planting tree saplings to transform the campus into a green shield. Aggressive tree plantation initiatives are undertaken. Slogans like- "Go Green" & "Let us be logical and let us be ecological", are displayed on college buses to campaign for eco awareness. Infosys alumni have extended have planted around 50 saplings, besides installing a drip irrigation system to ensure adequate watering of planted saplings. The club has initiated the use of wooden waste bins to collect biodegradable and non-biodegradable wastes separately for better solid waste management.

ECO CLUB - REPORT

Infosys, Eco club have planned to do one day-tree Plantation Programme(Maximum 50 Plants) in our college before the end of July 2016(on any working Saturday).

In order to undertake the Programme in a systematic way, it was required to create an Eco club in our college as it could play an important role in creating environmental awareness amongst the future generation. (Motto of the ECO club). It is a wonderful opportunity to create awareness, build attitudes, and help the students to take up activities. Interested faculty members in forming the Eco club were requested to contact Ms. M. Padmapriya/Dept of IT.

The tree planting function was scheduled on 23rd July. As per the directions given by the Principal, It had been proposed to inaugurate the ECO club by 11.00 am at MBA Seminar hall on 23/07/2016. Plantation of saplings were also be held immediately after the inaugural function. Dr.V.Mohan Associate Professor/ Dept of ECE & Mr.M.Sridaran /Asst Professor/ Dept of Mech were nominated as ECO club Coordinators.

With the help of Physical Director, Campus In- charge Mr. Vijayan, Locations for planting the saplings were identified. The Plants (Pungai and Vaagai) were obtained from the Horticulture and Isha Nursery, Trichy. Alumni of our college came out with an idea of setting up Drip Irrigation System for watering the plants and Trees for which they contributed Rs.25,000/-. We received quotations from Navamani Electricals and GJ Traders. It is found that the lowest quote was given by Navamani Electricals Trichy. The total Amount for purchasing the equipments, accessories, transportation charges and labor charges was Rs. 31,000/- (Rupees Thirty one thousand Only). This includes 5% of VAT. The Principal is requested to accord the approval for purchasing the Drip Irrigation Materials from Navamani Electricals.

Drip Irrigation system has been successfully erected by Mr. Manoharan from Perumbalur. It was inaugurated on 15-08-2016 as part of our 70th Independence Day celebrations. Alumni of our College (4 members including Rajakumaran and Nataraj) attended the inauguration and dedicated the system to our college. It has been decided to allocate a specific area for a department. It is understood that the saplings within that area will be under the custody of a particular department. For monitoring the growth of the plant and watering the staff-coordinators can allocate one second year, one third year and one final year student per plant. Contribution from Alumni for setting up the Drip Irrigation System at our College Campus. The team led by Rajakumaran, Infosys, Chennai have contributed a Sum of Rs. 25,000/- Towards setting up the drip irrigation system.
