Respected Sir,

    Sub: Request for the award of OD to the BEC aspirants, sanction of lab requirements and approval for hospitality to the trainer.
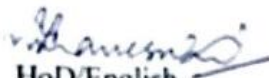

The Business English Certificate course examination on vantage level is scheduled to be conducted on 7th & 8th of September 2018 on our college premises. 57 students from various branches have enrolled for the examination and been attending training for two weeks conducted by the department of English. I have attached a list of lab specifications required to conduct the examination.

Besides, the ebek (examination conducting agency attached to the Cambridge University) has graciously consented to give the BEC aspirants one-day training on an overview of the examination on 06-09-2018. In this regard, I request that the lab requirements may be approved and sanctioned for the smooth conduct of the examination and the student-examinees may be granted

OD for the training on 6th of September as well as the examination on 7th & 8th of the same month.

Besides, I have a further request to you that the trainer from outside on 6th of September may be provided lunch with refreshments for both the morning and evening sessions.
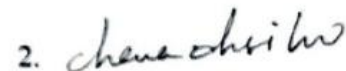

Note: The name list of the students attending the training and examination has been attached with this letter for your notice.

Sir,
    This is to your kind notice that the BEC examination on Vantage level was conducted on 7th & 8th September 2018 for the students of various branches in our college premises. Results were published last evening. The total number of students appeared for the examination is 57. 52 students have cleared the examination at various levels. Though the result is moderately good, our destination is a little far away. We assure you that our students' performance and the results of the BEC examination in future will be on the rise. The result copy has been attached with this report.

    Thank you very much for your support, Sir.

Sincerely yours,

Dr.A.Narayanan

Sir,

This is to your kind notice that a three-day 'BEC' training programme on vantage level was organised for the BEC aspirants from 08-03-2016 till 10-03-2016. The total number of 51 students from various branches attended the training. The training covered all the four skills namely Listening, Speaking, Reading and Writing and gave the students a great exposure to business contexts. The training was well received by the trainees. The training came to an end with a special address by Prof. Iyer Gopal, Head, Training & Placement. The students were encouraged and motivated to perform well in the main exams scheduled for

17 & 18th of March 2016.

With regards,

Dr.A.Narayanan and Prof.C.Gnanadesikan

Respected sir,

The BEC examination on vantage level was conducted for our students on 17& 18th of March in our college premises. Results were published yesterday. 51 students registered and trained but only 50 turned up for the examination. That one student had been down with chicken pox, so she could not take the examinations. The results for two II year students have been withheld. On making enquiry about it, I was informed that due to technical snag, the results of the two candidates are pending and I was assured that within a week, the results would be published for those two students also.

Most importantly, all the 48 students have cleared the examinations successfully, though the grades they have secured are not very satisfactory. I have attached a brief report of the results for your kind perusal.

Sincerely yours,

Dr.A.Narayanan

Respected sir,

    We have planned to conduct Sara-APP-Mania-2k19 for our students under Computer Society of India on 02.03.2019 .The contest aims at updating the innovative ideas, knowledge in recent technologies and intellectual capacity of the students. Hence to make the students to have the basic knowledge regarding android studio which is used to develop the application and many of our students have registered in AICTE smart IndiaHackathon-2018 program, a one week workshop (07.12.2019 to 12.12.2019 Time: 5:00pm to 6:30 pm) is planned to be conducted through Dot Code Club community, headed by Students and assisted by staff members. The willing students list who are interested to take up this program and the schedule for the workshop is attached here with.

                                                                    Yours Sincerely,

                                                                    (Dr.S.Mohana)

Technical Seminar on "Software Testing and Agile" - Report

Infosys Campus Connect program of Saranathan College of Engineering organized a Technical Seminar on "Software Testing and Agile" on 25th July 2019. Mr. Mukesh Sekar, Member - Education, Training & Assessment, Infosys Campus Connect Program, Mahindra City Development Centre, Infosys Ltd., Chennai, handled the sessions. Nearly 100 pre-final year students of CSE and IT took active participation.

The session started with the introduction to Software Testing and different ways to ensure that the software system is defect free. He also spoke on the classifications of testing such as Functional testing, Performance testing, Regression and Maintenance testing. Then he categorized and explained functional testing into Unit testing, Integration testing, Smoke, UAT (User Acceptance Testing) and Non functional testing into Performance, Endurance, Scalability, Usability. He explained Agile development by correlating with the literal development process in Infosys.

Mr. Mukesh Sekar, insisted strongly on the different types of software requirements that are needed to analyze the process of Software Testing. He suggested that the requirements must be in .xls (MSExcel) format so that it will be easy for the tester who will be testing the software in near future. He explained the statistics of employability in Development and Testing. Finally, he concluded by feeding tips to frame a resume of our own to appear for an interview and to succeed.

Mr. Mukesh Sekar, greatly appreciated the students for attending the technical seminar enthusiastically. He also rendered thanks to the management for providing him an opportunity to deliver a session among our students.

Technical seminar on "Applications of Machine Learning and Basics of Statistics" - Report

As a part of Infosys campus connect program of Saranathan College of Engineering, a technical seminar on "Applications of Machine Learning and Basics of Statistics" was held on 05.10.2018 at MBA Seminar Hall from 9.30 a.m. to 12.45 p.m. Ms. Gajalakshmi, Consultant, Data and Analytics, Infosys Ltd. and also an alumni of our college delivered the lecture. Faculty and Students of Computer Science and Engineering and Information Technology 3rd year attended the lecture.

The talk focused on introducing the concepts of Machine Learning, Artificial Intelligence, Data Analytics and its application to the students. It also focused on encouraging the students to do project related to this domain.

The lecture was followed by interactive session and in that how machine learning and deep learning algorithms are used in order to help organizations to understand their customers and finally create their products and services for their customer needs were discussed.

She mentioned the efforts of the management to bring her for a session and appreciated the students for their interaction.

Technical Seminar on "Machine Learning Techniques" Report

Infosys Campus Connect of Saranathan College of Engineering organized a technical seminar on "Machine Learning Techniques" was held on 20.01.2018 from 9.30 am to 4.45 pm at MBA Seminar Hall. Mr. Selvakumar, Project Leader, Infosys Ltd., delivered a session on how a data analytics technique teaches computers what to do?. He also focused on Machine learning algorithms that use computational methods to "learn" information directly from data without relying on a predetermined equation as a model.

He also quoted certain algorithms that adaptively improve their performance as the number of samples available for learning increases. He concluded that Deep learning is a specialized form of machine learning.

I-Gear Up Programme

As part of Infosys Campus Connect of our Institution, Mr. Roy Antony Arnold George Charles Senior member ETA, Infosys Ltd. Chennai DC, delivered one day I-Gear Up Session on LEX based Foundation Programme specially for Infosys Recruits.

He discussed the various modules such as programming fundamentals, object oriented programming, data structure and algorithms and Database Management systems present in Infosys LEX platform. A total of 43 Non CSE-IT Students actively participated and made the session more interactive.

Added to that he discussed the following

1. Total number of hours needed to be spent for completing the assignments that are present in various modules of LEX based FP platform.

2. Format of the question paper that may asked/set for the recruits once they enter into Mysore DC.

3. Benefits of clearing the FP exam in their first attempt.

Seminar on "Agile Project Management"

Seminar on "Agile Project Management" - Report

As a part of Infosys Campus Connect Program of Saranathan College of Engineering, a technical seminar on "Agile Project Management" was held on 23.09.2017 from 9.30 am to 4.45 pm at JS Block Seminar Hall. Mr. Jaydip Das, Project Manager, Infosys Ltd., delivered a session on "Agile Project Management". He focused on a few common questions such as design, coding, unit testing, integration testing, acceptance testing and expertise.

He explained clearly the seven Agile project estimation techniques such as Planning Poker, T – Shirt sizes, Dot Voting, The Bucket System, Large / Uncertain / Small, Affinity Mapping, Ordering Method.

It was discussed by the speaker on how to Calculate Budget in Agile. Calculating Budgets play an important role in Agile projects. This is done to make sure what the actual budget provided is, how much more budget is required and how we are going to divide the budget for different product backlog items.

He also explained how it uses the data collected from the previous projects and uses the mathematical formula to get the estimated budget for the current project.
