Respected sir,

The BEC examination on vantage level was conducted for our students on 17& 18<sup>th</sup> of March in our college premises. Results were published yesterday. 51 students registered and trained but only 50 turned up for the examination. That one student had been down with chicken pox, so she could not take the examinations. The results for two II year students have been withheld. On making enquiry about it, I was informed that due to technical snag, the results of the two candidates are pending and I was assured that within a week, the results would be published for those two students also.

Most importantly, all the 48 students have cleared the examinations successfully, though the grades they have secured are not very satisfactory. I have attached a brief report of the results for your kind perusal.

Sincerely yours,  
A. N. 29/4/16
