Respected Sir,

Sub: Request for the award of OD to the BEC aspirants,  
sanction of lab requirements and approval for hospitality to the trainer.

The Business English Certificate course examination on vantage level is scheduled to be conducted on 7<sup>th</sup> & 8<sup>th</sup> of September 2018 on our college premises. 57 students from various branches have enrolled for the examination and been attending training for two weeks conducted by the department of English. I have attached a list of lab specifications required to conduct the examination.

Besides, the ebek (examination conducting agency attached to the Cambridge University) has graciously consented to give the BEC aspirants one-day training on an overview of the examination on 06-09-2018. In this regard, I request that the lab requirements may be approved and sanctioned for the smooth conduct of the examination and the student-examinees may be granted

OD for the training on 6<sup>th</sup> of September as well as the examination on 7<sup>th</sup> & 8<sup>th</sup> of the same month.

Besides, I have a further request to you that the trainer from outside on 6<sup>th</sup> of September may be provided lunch with refreshments for both the morning and evening sessions.

Note: The name list of the students attending the training and examination has been attached with this letter for your notice.

Sir,

This is to your kind notice that the BEC examination on Vantage level was conducted on 7<sup>th</sup> & 8<sup>th</sup> September 2018 for the students of various branches in our college premises. Results were published last evening. The total number of students appeared for the examination is 57. 52 students have cleared the examination at various levels. Though the result is moderately good, our destination is a little far away. We assure you that our students' performance and the results of the BEC examination in future will be on the rise. The result copy has been attached with this report.

Thank you very much for your support, Sir.

Dear 2019 batch CSE and IT students

Your placement related aptitude training starts from 25th June and will last till 30th June. I am sure you will pay up the training fees well before the starting date and will use the training sessions to improve your skills.

Like all previous years we are planning to classify all students into 4 groups Alpha, Beta, Gamma and Theta. To decide on who will be classified into which group we are actually offering five (5) online tests. These tests can be taken from home between 19th, 20th and 21st. **But you must take all the 5 tests so that the classification**

**can be objective and performance based.** The instructions on how to take the tests and when are in the attached explanation sheet (attached file with name "pre training test schedule" . You can take all the 5 tests on a single day or multiple days. To avoid overloading the server we have indicated different servers and time slots for different branches. you will be able to access your respective server only during the specified times. The user name passwords for you are available in the attached excel sheet. If you have any problems logging in and taking the tests the attached note provides two contact numbers that you can contact for help.

Let us together make this training exercise a successful one. all the best. Gopal

Dear 2019 batch CSE and IT students

I am happy to note that in response to our e mail dated 18th June, you have started taking the on line tests. However the pace at which you have to take the tests has to significantly pick up. As of this morning 39 CSE students and 22 IT students have started the test process which means 61 students out of a total 170 students. Since you have to take 5 tests before tomorrow (21st evening) our suggestion is that once you have logged in it may be better to take all the five tests at a stretch. I understand that after each test the test taker gets a marks tally. Please note that in a note book. This year we are planning to insist on each student maintaining a progressive track of the test results to facilitate your monitoring your own performance.

all the best
