to me
Dear mam,
I have sent money (Rs.5000 /-) through money order < emo number: 105989170613012227 >. I hope it should reach the department within this week. Kindly drop me a mail when you receive the cash.
One favour from me, let my name remain anonymous regarding this library books (let it be an ALUMNI). Kindly convey to the HOD mam.
Regarding e-con placement:

As I'm moving to Hyderabad this week, I won't be able to come to college.
I wish the students should be very strong in the basics whatever it is software / hardware. In my experience, I saw students who prepared for GATE where able to go till last rounds in e-con placement. Maybe you can start to train the students from 3rd year onwards for GATE/ technical hardware. It will help them with firm basics. Most important is, the students should also put their effort & be interested.
Regards,
