

# **SJECE TECHNICAL JOURNALS AUTHOR GUIDELINES**

1. Always check the latest “Instructions for Authors” document available in the department website
2. The authors should strictly avoid copying work from other sources. Each manuscript is checked for plagiarism and if the manuscript fails in the plagiarism test, the manuscript will be rejected in the initial stage itself without further review.
3. Original work doesn’t implies that the work should be new, but it implies that,
  - All simulation results (if any) included in the manuscript should have been simulated by the authors
  - All figures should have been drawn by the authors
  - All the text must have written by their own by the authors
4. Manuscripts must be submitted electronically via the email: [ejournal-eece@saranathan.ac.in](mailto:ejournal-eece@saranathan.ac.in). It is mandatory to submit your original work in Microsoft Word format (.DOC or .DOCX). The desirable maximum length of a paper is 6 pages.
5. The number of authors for each manuscript is restricted to a maximum of four
6. There is a template that authors must follow:

Each technical paper received for publication in the SJECE is reviewed by at least two independent reviewers of editorial panel. The editorial panel considers the reviews and decides whether or not a paper is to be accepted, revised and resubmitted, or rejected. If accepted, a copy of the manuscript will be returned to the author together with the comments by reviewers and editors, and instructions for the preparation of the camera ready copy.
