Dr. A.Belin Jude HoD/Civil welcomed the PAC Members for the meeting and greeted on behalf of Department of Civil Engineering.

He thanked the members of the PAC for their support. Further, he recollected the POs, PSOs, PEOs of the department and also elaborately mentioned the progress attained by the department.

Dr. D.Valavan, Principal, greeted the members PAC and shared his happiness in achieving **A+ grade** in the recent **NAAC assessment** by scoring 3.27 points on a scale of 4. A three-member peer team including a chairman, member secretary and a member for qualitative assessment visited the college on **April 8-9, 2021**. The assessment of the peer team constitutes 30% of the total assessment process of NAAC. Rest of the 70% depends on the 110-page detailed self-study report submitted by the institution followed by peer team visit for qualitative assessment. While the institution is evaluated on seven major parameters, SCE secured well in terms of curricular aspects besides infrastructure and learning resources. The whole accreditation process was challenging considering the high standards of the assessment process. We are satisfied with the outcome even though we believe that we are capable of getting an even higher score. The NAAC accreditation will help the institution to get autonomous status besides research grants from various central agencies. He also said the college already has NBA accreditation for six eligible undergraduate branches of engineering. We are planning to open two more branches next year, he added.

1. The minutes of the meeting of PAC were confirmed.

Minutes of the discussion on the agenda items of the sixth meeting of the PAC are:

2. Review of CO- PO - PSO assessment

- Since the student's mind is getting diverted due to excess usage of electronic gadgets and social media, it was recommended to change the teaching methodology to enhance the level of learning .

3. The safety measures to be taken as the academic institution.

All the students and faculty members are requested take safety measures as per the directions of the health department of the government. The first preference is given to the lives, take necessary medication if required and stay safe.

4. How to grow institution academically through online mode.

Er. V. ILANCHEZHIAN, Industrial Expert expressed his views on online mode of classes, In this Covid pandemic situation the students attending physical mode class are restricted by the government as the safety measure to stop the spreading, these times the ICT teaching tools plays a vital role in handling class. Hence use all the possible ways and means to use ICT teaching tools available. The institute can spare some amount in purchase of license if required. He also said that the specialized trainings given to the faculty members may also help them to understand the need of industries

5. Need of change in teaching methodology.

The teachers has to change the mode of teaching, the traditional chalk and talk method miserably fails due to the covid situation, hence all the teaching fraternity should learn new ICT teaching methodology and convey the technical knowledge as much as possible to the students. The faculty members are advised to attend few FDP/Workshop to get knowledge on the possible ICT tools so that they can reach students easily.

6. Identifying the gap in curriculum addressing industry needs and ways to bridge the same

- Further, Ms M.Pavithra II Civil, Internal stakeholder, requested the department to organize some eye opening events such as workshops, seminars, and hands on training or talks by experts from industry.
- Mr. V.Abishek II EEE, Internal stakeholder, asked to include a doubt clearing session for every course apart from the tutorial classes which are mainly focusing on problem solving only.

7. Recommendation of equipment, supplies or the development of simulated work environments

- The PAC requested to provide a spacious library in which all available study material must be displayed with a proper/specific label in the department library for clear visibility and also suggested to provide some seating arrangements to the students to take notes.

8. Review existing equipment, facilities, resources and its utilization.

- Members of PAC visited the existing labs of civil department and Instructed faculty to teach students in latest advancement of civil engineering materials and its properties in online classes.

9. To review the Alumni Engagements and enhancement of alumni interaction.

- The report to be submitted to the PAC members for approval to conduct the alumni meeting and suggestions on the same. It is shared that the alumni meeting may help to debate and discussion over the existing problems in the department and to reach the possible solutions to eradicate the identified.

As there was no other item placed before the Chair. The meeting ended with a vote of Thanks.

Dr. A. Belin Jude,

- HOD delivered the welcome address and also briefed about the progress of the Department, Statements of Vision, Mission, PEOs, POs and PSOs.
- Principal delivered the presidential address to the stakeholders and publicized the Vision and Mission of the Institute.
- Program Coordinator(PC) introduced the committee members of the program Advisory Committee (PAC) of ECE program.
- PC projected the POs and PSOs attainment for 2016-2020 batch graduates of ECE to the PAC members. The actions to be taken for the improvement of POs and PSOs attainment for the forthcoming academic year are also projected.

Course	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12	PSO1	PSO2
Target	2.27	2.01	1.74	1.36	1.26	1.39	1.53	1.04	1.46	1.47	1.32	1.38	1.84	1.87
Attained	1.28	1.13	0.99	0.82	0.72	0.74	0.66	0.59	1.12	1.05	0.90	0.86	0.98	1.02

Following are the views congregated from the stake holders regarding the actions to be taken for the forthcoming academic year to attain POs and PSOs through VACs.

The members of PAC suggested and approved to take the following measures to strengthen the POs and PSOs attainment for the forth coming academic year of ECE program.

- Hands on training in recent technologies could be conducted to enhance the knowledge of students in recent technologies.
- Value Added Courses (VACs) on Programming using Verilog could be organized to fill the curriculum gaps.
- Software and Hardware design contests with mini project exhibitions could be planned for the enhancement of self-learning ability of the students.
- Guest lectures could be organized to create importance of various budding technologies and its scope in future.

The above staffs were called for a meeting with HOD at his cabin. They were communicated about their feedback score and were advised to take some measures to improve their performance. They were insisted to do students counselling in a friendly way and were asked to give the real time applications about their subject so as to make the students to be more interactive with utmost interest in the class. Also added that, they should be a little bit louder while teaching and to be well prepared for the class. Head of Department insisted all faculty to treat all students equally and to interact with all students frequently so as to create enthusiasm in the subject. He instructed all to complete the syllabus in a steady pace. The staff members were also accepted the suggestions given by HOD and assured to do the same.

The above staff was called for a meeting with HOD at his cabin. He was communicated about the feedback score and was advised to take some measures to improve his performance. He was insisted to do students counselling in a friendly way and was asked to give the real time applications about his subject so as to make the students to be more interactive with utmost interest in the class. Also added that, he should be a little bit louder while teaching. The staff also accepted the suggestions given by HOD and assured to do the same.

Dr. C.Krishnakumar HoD/EEE welcomed the PAC Members for the sixth meeting and greeted, and shared his happiness in achieving NBA accreditation for the Department of EEE for next three years. He thanked the members of the PAC for their support. Further, he recollected the POs, PSOs, PEOs of the department and also elaborately mentioned the progress attained by the department.

Dr. D.Valavan, Principal, greeted the members PAC and shared his happiness in achieving **A+ grade** in the recent **NAAC assessment** by scoring 3.27 points on a scale of 4. A three-member peer team including a chairman, member secretary and a member for qualitative assessment visited the college on **April 8-9, 2021**. The assessment of the peer team constitutes 30% of the total assessment process of NAAC. Rest of the 70% depends on the 110-page detailed self-study report submitted by the institution followed by peer team visit for qualitative assessment. While the institution is evaluated on seven major parameters, SCE secured well in terms of curricular aspects besides infrastructure and learning resources. The whole accreditation process was challenging considering the high standards of the assessment process. We are satisfied with the outcome even though we believe that we are capable of getting an even higher score. The NAAC accreditation will help the institution to get autonomous status besides research grants from various central agencies. He also said the college already has NBA accreditation for six undergraduate branches of engineering out of total seven. We are planning to open two more branches next year, he added.

1. The minutes of the Fifth meeting of PAC were confirmed.

Minutes of the discussion on the agenda items of the sixth meeting of the PAC are:

2. Review CO- PO - PSO assessment and recommend actions based upon the findings.

- The CO, PO and PSO attainment for the 2014-2018 batch graduates were projected with the process of evaluating the CO, PO, and PSO attainment.
- Since the student's mind is getting diverted due to excess usage of electronic gadgets and social media, it was recommended to change the teaching methodology to enhance the level of learning and hence the target of CO, PO, and PSO can be achieved.

3. The safety measures to be taken as the academic institution.

Er.R.Murali, (Industry Expert, Managing Director, Madras Switch Gears Private Limited,) exposed his view on the outbreak of Covid 19- suppression in all fields. All the students and faculty members are requested take safety measures as per the directions of the health department of the government. The first preference is given to the lives, take necessary medication if required and stay safe.

4. How grow institution academically through online mode.

Dr.M.Premalatha, Assistant Professor, Eminent Academician expressed her views on online mode of classes, In this Covid pandemic situation the students attending physical mode class are restricted by the government as the safety measure to stop the spreading, these times the ICT teaching tools plays a vital role in handling class. Hence use all the possible ways and means to use ICT teaching tools available. The institute can spare some amount in purchase of licence if required.

5. Need of change in teaching methodology.

The teachers has to change the mode of teaching, the traditional chalk and talk method miserably fails due to the covid situation, hence all the teaching fraternity should learn new ICT teaching methodology and convey the technical knowledge as much as possible to the students. The faculty members are advised to attend few FDP/Workshop to get knowledge on the possible ICT tools so that they can reach students easily.

6. Preparing students as industry ready engineers.

Er.R.Murali, (Industry Expert, Managing Director, Madras Switch Gears Private Limited,) proposed that the faculty members must understand the job market to nurture the students as industry ready. He also said that the specialized trainings given to the faculty members may also help them to understand the need of industries.

7. Identifying the gap in curriculum addressing industry needs and ways to bridge the same

- Er.A.G.Balaji Ponnambalam, (Alumni) Systems Engineer, Infosys, Bangalore expressed that the curriculum covers only the basics of the engineering, so he suggested to conduct an eye opening session on the latest technological advancements in all the subjects.
- Further, Ms S. Chandrika II EEE, Internal stakeholder, requested the department to organize some eye opening events such as workshops, seminars, and hands on training or talks by experts from industry.
- Mr. S Karthikeyan II EEE, Internal stakeholder, asked to include a doubt clearing session for every course apart from the tutorial classes which are mainly focusing on problem solving only.

8. Recommendation of equipment, supplies or the development of simulated work environments

- The PAC requested to provide a spacious library in which all available study material must be displayed with a proper/specific label in the department library for clear visibility and also suggested to provide some seating arrangements to the students to take notes.

9. Review existing equipment, facilities, resources and its utilization.

- Members of PAC happily recollected the protection switch gear lab utilized for experimental learning for the protection switch gear course for all final year students and asked to continue this experimental learning. Further the PAC asked to conduct switch gear training sessions for nearby institutions at reasonable fee so that it can generate some revenue. Happy to know that the department has received fund from Modernization and Removal of Obsolescence (MODROBS) to upgrade the laboratories to advanced research activities.

10. Review courses of study and standards of proficiency in areas which are essential to becoming successfully employed in a career path.

- Er.R.Murali, Managing Director, Madras Switch Gears Private Limited, suggested to offer some important professional courses in addition to the regular technical courses. He added further to conduct professional workshops to develop the skills required to improve employability.

11. To review the status of Research Projects sponsored by Government / Non-Government Agencies and suggest steps for enhancement of grants.

- Research Organization member of PAC, Er.V.Kaviraj, Assistant Manager, Research & Development, Brakes India Private Limited, Chennai insisted the faculty who have completed their Doctoral degree to apply for guideship and to approach the funding agencies which may be either Government or Non-Government Agencies for funded research and grants for STTP, FDP, Workshop etc.
- Further he added, to increase faculty research publication numbers at least one per semester.

12. To review the status of Internal Resource Generation.

PAC recommended the Department of Electrical and Electronics Engineering may make necessary arrangements to conduct faculty development programmes (FDP) and Short Term Training Programmes (STTP). It is also suggested that the department may offer consultancy services, like, energy auditing, testing commissioning, etc..

13. To review the Alumni Engagements and enhancement of alumni interaction.

- The report to be submitted to the PAC members for approval to conduct the alumni meeting and suggestions on the same. It is shared that the alumni meeting may help to

debate and discussion over the existing problems in the department and to reach the possible solutions to eradicate the identified.

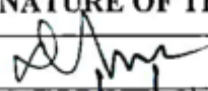

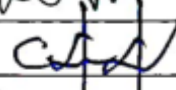

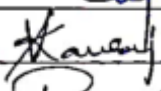

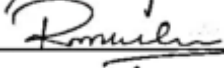

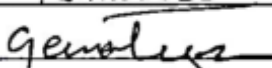

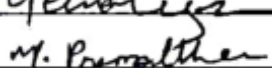

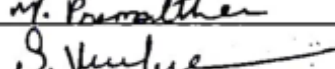

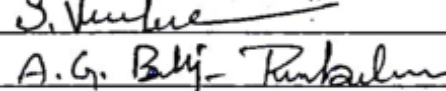

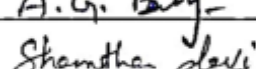

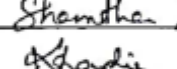

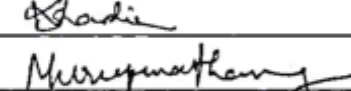

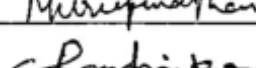

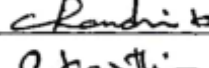

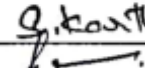

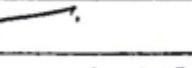

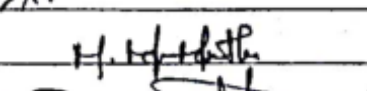

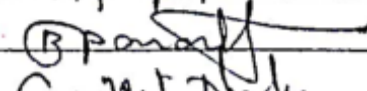

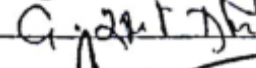

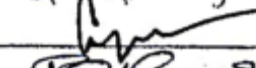

As there was no other item placed before the Chair. The meeting ended with a vote of Thanks.

- ❖ The meeting started at 2.15 p.m. HOD/IT welcomed the gathering.
- ❖ The following points were discussed during the meeting:
 - Principal insisted the usage of mask, social distance and other safety measures to be followed during this pandemic situation.
 - HOD/IT conveyed the Vision, Mission, Program Educational Objectives (PEOs), Program Specific Outcome statements. She also informed about the PSOs given in Regulations 2017 Curriculum of Anna University, Chennai.
 - A brief summary about the curriculum and syllabus of Regulation 2017 was discussed. The importance of value added courses and open electives in the syllabus were highlighted.
 - Principal appreciated the HOD and the department staff for the sanction of Rs.3,00,000 by AICTE for conduct of Short term Training Program on Big Data Analytics.
 - HoD/IT briefed about AICTE sponsored STTP on Big Data Analytics. As informed by the AICT, it has been planned to conduct the STTP in 3 stages in online mode
 - Mr. Vinoth projected the gap between academia and Industry and the necessity to bridge the gap. He also briefed about the latest trends in IT Industry. He insisted that the

students should be strong in the fundamental concepts of core subjects. He gave suggestions for students' projects on IOT, Machine and Deep Learning. He also suggested giving hands on training to the students on developing Mobile Apps, IOT and Data science.

- Dr. Dr. Sheba Kezia Malarchelvi emphasized the need for real time application based concept explanation by the staff members. She also suggested the Professional and open electives for VII & VIII semester of Regulation 2017 curriculum.
- Dr. S. M. Giriraj Kumar spoke about the training (Technical & Soft skills) for the students to be conducted by the T&P department.
- Principal asked the faculty members to motivate the students to focus on all national contests like Hackathon.
- The staff members enquired about the internships and the students' skills needed for placements.
- The Internal Assessment Question Paper Pattern, QP setting according to blooms Taxonomy, Questions mapping with a corresponding Course Outcome and procedure for calculation of CO-PO/PSO were finalized.
- The strengthened attainment level of CS6701- Cryptography and network security was presented.

Attainment of POs and PSOs:

- The details of curriculum gaps and the plan of actions for the academic year were discussed.

Co Curricular Activities (CCA) plan for the Academic Year 2020-2021

Proposed Guidelines for the charting the co-curricular activities (CCA)

1. The gaps in curriculum and the plan of actions (CCA) have been identified by the PAC.
2. All the activities shall be focused on addressing the below :
 - Impart strong foundation in basics
 - Enhance application of academic learning's to solve real time engineering problems
3. There shall be three categories
 - Contest during the course of semester
 - Workshops / Guest Lectures during the course of semester
 - Workshops during the vacation
4. There shall be maximum of three activity in the form of contest per semester
 - All these activity shall not be mandatory for the students; rather students shall participate based on their interest.
 - One contest shall be relevant to the curriculum of the current semester
 - Two contest shall be relevant to the curriculum of previous semesters
 - The contest shall be formulated in such a way that the students will be able to apply the learning's of their curriculum in solving the problem statements, so that they shall establish a relation between what they read
 - The contest shall be a analytical problem solving contest/coding contest/debugging contest/ Technical Quiz/ Paper Presentation/ Mini project contest.
 - Each contest should be well defined and shall have a detailed methodology in conducting as well as evaluating procedure
 - The entire contest shall be submitted as a proposal to the HOD prior to the conduct of contest.
5. There shall be one or max of two activity in the form of workshops during the course of the semester, which shall be absolutely relevant to the subjects of the current semester, that will help strengthen the understanding of the subject
 - All the workshops should be formulated in such a way that predominant duration of the workshop, the students work by him/herself based on some minimum instructions received from the faculty

SARANATHAN COLLEGE OF ENGINEERING

TIRUCHIRAPALLI - 620 012.

DEPARTMENT OF INFORMATION TECHNOLOGY

6. Special / Guest Lectures may be organized for the students to gain knowledge on latest trends in the IT field.
7. Activities during the vacation shall be decided based on feasibility.

List of curriculum Gaps identified

Curriculum Gaps Identified	Students will be able to
Practical course for C # and .NET technology is not available. Fundamentals of Python Programming are available in first semester. Application of OOPS, DBMS and Data structure concepts in Python are not available.	Strengthen their coding skills and Participate in contests /mini projects using latest technologies
Lack of exposure to the modern tools. Software Testing Tools are not specified in the syllabus	Work with all kind of tools
Inadequate practical exposure to latest technologies – IOT and Soft Computing	Improve their knowledge in latest trends
Lack of Personality development skills	Apply effectual communication skills and management principles for work place success

Plan for activities for the Academic year 2020-21:

S.No	Activity	Methodology	Consequence
1	Certification courses with Inlustrro Ltd	Training and Test	Application of Learning's

2	Soft Skills & Student Development Programmes	Workshop	Improving Communication skills, interpersonal skills.
3	Introduction to Latest Tools	Seminar & Workshop	Exposure to latest Tools
4	Mobile Application Development	Workshop	Exposure to Mobile Software
5	Hands on Training on IOT	Workshop	Exposure to IOT Hardware and Software
6	Big Data Analytics, Machine Learning, Deep Learning, IoT, Cyber Security	Guest Lecture & Webinar	Application of Learning's
7	Coding Contest, Technical Quiz	Contest	Strengthening the Programming/ Technical skills

The meeting came to an end at 4.15 p.m.

ACTION TAKEN REPORT

Date: 04.06.2021

Submitted to the Principal:

The Program Advisory Committee (PAC) meeting for the Academic year 2020-2021 has been conducted on 15.07.2020 to strengthen the CO-PO and CO-PSO attainment. The following Programs were organized by the Department based on the suggestions given by the Committee.

1. AICTE sponsored six days online STTP on Big Data Analytics was conducted in 3 phases:

Phase	Schedule	No of participants
STTP 1	27.07.2020 - 01.08.2020	194
STTP 2	03.08.2020 - 08.08.2020	85
STTP 3	16.11.2020 - 21.11.2020	64

2. Events conducted during 2020-21:

S.No	Name of the Event	Date
1	Webinar on Computer Ethics	10.09.2020 (1 day)
2	Webinar on Recent Trends in Computer Science	22.03.2021 (1 day)
3	Online Quiz on Java Programming	26.03.2021 (1 day)
4	Online Quiz on Operating Systems	27.03.2021 (1 day)

3. About 30 students registered for NPTEL certification course on various subjects and obtained certificates.

4. About 25 students from III & IV year registered for certification courses on various subjects conducted by Inlusto Ltd., underwent online test and obtained certificates.

5. The Content beyond syllabus for both Theory and Practical courses has been added. The latest trends and technological improvements in IT related to the corresponding course are explained by the concerned staff member to the students.

Feed Back Report

Feedback is collected from students based on the following questionnaire and the total score is generated based on weightage given to individual questions

1. Subject Knowledge and Clarity of the Faculty [15.0]
2. Impartiality and Fairness to Students [15.0]
3. Interaction with Students by the faculty[8.0]
4. Valuable/Extra Information given during the Lectures by the faculty[12.0]
5. Enthusiasm for Subject[12.0]
6. Showing Concern and Care for Students [12.0]
7. Punctuality in Evaluation of Exam Papers/ Assignments [4.0]
8. Whether Syllabus for IA Tests/ University Examination Completed steadily [6.0]
9. Ability to Speak Loudly and Clearly [8.0]
10. Does the faculty come prepared for Classes? [8.0]

Score obtained through feedback from students is converted on a scale of 5 and carries significant weightage under Academic execution in the Self Assessment Report (SAR) of a faculty member.

S.No	Category	Max Marks	Faculty	HOD
1	Academic Execution (50 marks)			
1.1	University Results	25		
1.2	University Class Average Grade	10		
1.3	Number of S and A grades	10		
1.4	Students feed back	5

Hod remarks about student's feedback about the Faculty:

This message was personally communicated by the Hod to the faculty members. It was observed that the following faculty Mr.P.Jothi Palavesam Assistant professor and Mrs.Mercy Vasan Associate professor of mechanical department has obtained students feedback of 76.79% and 79.49% for the subject of IE8693/Production Planning and Control and ME8096/ Gas Dynamics and Jet Propulsion respectively. This feedback was taken from the students during 2020-21 EVEN Semester.

The faculty members were instructed to provide more remedial classes to the students who need it. It was directed to provide them extra study material and notes. Teachers have been advised to spend more time on topics deemed to be tough. Staff were instructed to follow student friendly approach in teaching process. Faculty were advised to keep a track on the pace of syllabus completion. Staff were instructed to meet the students and counsel them on timely basis. Faculty members were asked to give practical applications whenever possible. Staff members were advised to make use of seminar halls whenever possible. Staff members were strictly advised not to show any favoritism to students. Staff members were asked to follow novel approach in teaching/learning process.

Ref No: SCE/MBA/2020-2021/Even Sem. /Faculty feedback – reg.

Students' feedback about teachers regarding the efficacy of their teaching styles is collected every semester. The various parameters based on which the students assess the faculty are preparation of the faculty for the classes, subject knowledge and clarity of the faculty, impartiality and fairness of the faculty, student-faculty interaction, valuable/extra information given the faculty, enthusiasm for teaching, display of care and concern, punctuality in evaluation of assignments and test papers, steady completion of syllabus, ability to speak loudly and clearly etc. The total composite faculty feedback score is 100 and it is the summation of faculty scores on the specified parameters.

The faculty feedback from students was collected during the even semester June 2021.

Based on individual staff feedback reports, it was found that the feedback score of 80.87% obtained by Prof. K. Arun Prasad who handled Principles of Management for final year Mechanical Engineering students was the lowest score.

The message was personally communicated by HOD to Prof. K. Arun Prasad and HOD sought to know if the faculty had faced difficulties in the specific class. The final year Mechanical engineering students found it difficult to grasp theoretical concepts and the online mode of class made it difficult for the faculty to check periodically if the students follow the subject. Ideas for making the classes livelier especially for an audience who are not exposed to theoretical subjects, for engaging the class by posing questions and welcoming student interactions were offered. It was recommended to facilitate inquiry based learning wherein a student-centered approach to teaching paves way for inquisitive learning as opposed to acquisitive learning (learning which is extrinsically motivated – for good grades and so on).

Sir,

Sub:-Class Committee for I MBA (Batch 2020 – 21) – Reg.

Based on the Class committee held with the I MBA Students today (11/03/2021), I am submitting the following points for your kind perusal and approval.

1. The students wanted to have experiential learning activities such as role play, business plan event etc. It is planned to conduct such activities in the evening after class hours for a period of 1 week. Each day, such group activities are to be conducted for one hour in which the class will be divided into groups, each group consisting of 8 students. Such activities are expected to improve the communication skills of the students, their team work, problem solving skills and creativity.
2. It is also planned to devote one half day's class on Saturdays for case study analysis as case study analysis is an important component of academic performance and also it is strongly recommended for a real-time understanding and solving of problems encountered by managers in the workplace.

Sir,

Sub:-Class Committee for I MBA (Batch 2020 – 22) – Reg.

Based on the Class committee held with the I MBA Students today (21.06.2021), I am submitting the following points for your kind perusal and approval.

1. The students need to enrich their vocabulary for which it is suggested that one class be devoted for word power improvement activity wherein the students take turns and share with the class new words, their usage and meanings. This activity is intended to enrich reading, listening and comprehension skills of the participants.
2. It is also planned to devote one half day's class every week for student driven activities such as quiz, group discussion etc. which will be monitored and moderated by faculty.
3. Assignments in each subject on relevant topics which require lots of research and creativity need to be given to student so that they get involved in learning and develop an enthusiasm for the subject.

I kindly request you to approve the same

Programme Advisory Committee - Minutes of Meeting

VISION

To mould the college in to a Top class national/international centre of advanced learning, technology and research and enhance national human resource and its power.

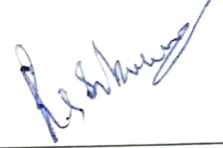

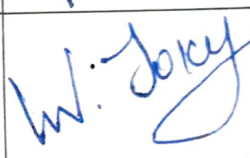

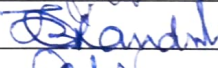

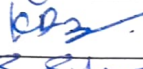

Mission

To achieve excellence in business education, by adapting to the needs and challenges of dynamic and globally competitive business environment.

The PAC meeting of MBA Department was held on **08.02.2021** and the following points were discussed.

- 1 Syllabus for Training and Placement classes was discussed.
- 2 More number of campus placements need to be arranged.
- 3 Content beyond the syllabus for each subject was discussed in detail. Innovative teaching methods should be included in regular classes.
- 4 Students should be encouraged to present and publish their projects as paper in international conferences and journals.
- 5 Reputed companies should be identified and officials from those companies may be brought to the department for delivering lectures.
- 6 Students should be asked to enrol in online courses offered by IIT's NPTEL towards augmenting their knowledge. Students need to enrich their profile by upskilling themselves.
- 7 Students should be given opportunity to make power point presentations on topics of relevance to MBA students.
