Department of Computer Science and Engineering

List of Short Term Courses / Workshops / Course Module Developed

Sl.No	Date of Event	Name of the Event	Resource Person Name	Designation	Name of the Organization
1	22.08.2021 to 06.01.2022	Data Science and Machine Learning	Mr.Nishant Joshi	Technical Trainer	Inlustro
2	22.08.2021 to 06.01.2022	Python Programming with IDLE	Ms.Nalini Raj	Technical Trainer	Inlustro
3	22.08.2021 to 06.01.2022	MERN(Mango DB, Express, React JS, Node	Ms.Pavani	Technical Trainer	Inlustro
4	From 22.10.2021 onwards	Huawei Foundation Course	Huawei Team	-	Huawei Services (Hong
5	From 17.02.2022 onwards	Codechef Certification(CCDSA)	Code Chef Team	-	Code Chef
6	From 23.03.2022 onwards	Building a Real World Software Applications	Inlustro Team	Technical Trainer	Inlustro
7	From 23.03.2022 onwards	Competitive Programming	Inlustro Team	Technical Trainer	Inlustro
8	28.03.2022 to 01.04.2022	Technical Interview An Enigma Explained	Inlustro Ed -Tech Team	-	Inlustro
9	From 13.04.2022 onwards	Infosys - Springboard - Virtual Roadshow	Infosys Team	-	Infosys

 [HOD]

Data Science and AI/ML

While artificial intelligence (AI) is the broad science of mimicking human abilities, Machine Learning is a specific subset of AI that trains a machine how to learn. Although many Machine Learning algorithms have been around for a long time, the ability to automatically apply complex mathematical calculations to big data – over and over, faster and faster – is a recent development.

Machine Learning is the shining star of the moment. Its global market is projected to grow from US\$7.3 billion in 2020 to US\$30.6 billion in 2024, attaining a CAGR of 43%. It's made possible the invention of self-driving cars, practical speech recognition, effective web search, and a much enhanced understanding of the human genome in the last decade. This technology is now so common that you probably use it dozens of times a day without even realising it.

Most industries working with large amounts of data have recognised the value of Machine Learning technology. By gleaning insights from this data – often in real time – organisations are able to work more efficiently or gain an advantage over competitors. Some of the industries that have adopted this technology include the public sector, e-commerce, healthcare, finance, oil and gas, and so forth.

The most visible example of Machine Learning in action is arguably Facebook. The platform's account holders are all too aware of the adverts that are aimed directly at them for everything they do. It's not just on Facebook. You'll soon see an ad for that item on your Facebook account if you buy something or even search for it on Amazon.

As big data continues to expand and grow, the demand for data scientists will increase. Studying Machine Learning opens a world of opportunities to develop cutting-edge applications in various areas, such as cybersecurity, image recognition, medicine, and face recognition. If you are in search of the most

in-demand and most-exciting career in the next few decades, a degree specialising in Machine Learning is a good start.

What you will learn

A degree in this field typically covers how to develop self-learning computer systems by combining algorithms and statistical models. Without accepting instructions from programmers, these computer systems do tasks based on data and self-generated feedback (trial and error).

Several programs in Machine Learning take a generalist approach. This means that students are exposed to a variety of topics such as robotics, linguistics, natural language processing (NLP), computer vision, programming, software design, signal processing, speech recognition, and more.

COURSE LEARNING OUTCOMES:

- Students will develop programming abilities relevant to Data Science, ML & AI.
- Students will demonstrate proficiency with statistical analysis and visualization of data.
- Students will develop the ability to build and deploy ML models.
- Students will apply Data Science/ML concepts and methods to solve problems in real-world contexts and will communicate these solutions effectively.
- Students can develop a data-driven concept from identification/ideation through to execution

Career opportunities

After completing the programme, you may apply for entry roles in positions such as Data Scientist, Computer Vision Engineer, Machine Learning Engineer, and NLP Engineer.

Project: Data Science and ML-based applications using Scikit learn and Tensor flow.

Total number of Students Benefited - 176

Python Programming

Python is one of the fastest growing computer languages as on date. The applications of Python are vast and varied, which include

- Web Development
- Game Development
- Machine Learning and Artificial Intelligence
- Data Science and Data Visualization
- Desktop GUI (Graphical User Interface)
- Web Scraping Applications
- Business Applications
- Audio and Video Applications
- CAD (Computer Aided Design) Applications
- Embedded Applications

A strong fundamental knowledge of Python in its core concepts will enable the students to grasp the fundamental ideas and prepare them for their future career in any of the above-mentioned areas.

The following topics have been taught to 270 students of a leading Engineering college for over six months, which have immensely benefitted them for acquiring knowledge of other courses of their interest.

- Introduction to Python Programming, Strings, Numbers
- Conditional Logic & Control Flow, Lists, Tuples, and Dictionaries
- Functions, Object-Oriented Programming, Error Handling
- File input/output, using external packages, Working with Data Bases
- Web Scraping, Applications of Numpy and Matplotlib
- Graphical User Interface

Total number of Students Benefited - 275

Full-Stack Web Development

MERN Stack is a Java Script Stack that is used for easier and faster deployment of full-stack web applications. MERN Stack comprises of four technologies namely: MongoDB, Express, React, Node.js. It is designed to make the development process smoother and easier. Each of these four powerful technologies provides an end-to-end framework for the developers to work in and each of these technologies play a big part in the development of web applications.

MongoDB is a NoSQL database where each record is a document comprising of key-value pairs that are similar to JSON (JavaScript Object Notation) objects.

MongoDB is flexible and allows its users to create schema, databases, tables, etc. Documents that are identifiable by a primary key make up the basic unit of MongoDB. Once MongoDB is installed, users can make use of Mongo shell as well. Mongo shell provides a JavaScript interface through which the users can interact and carry out operations.

Express is a basic NODE.JS Back-End Framework for building web Apps & APIs with a node server. Express provides a simple layer of fundamental web App features that complements NODE. Express is used as a Routing and Middleware web.

React is a JavaScript library that is used for building user interfaces. React is used for the development of single-page applications and mobile applications because of its ability to handle rapidly changing data. Also allows users to code in JavaScript and create UI components.

Node, developed as a JavaScript runtime environment is built on CHROME'S V8 JavaScript Engine. Node uses JavaScript on the server side to build variety of tools and applications. It has an Event-Driven Architecture capable of Asynchronous, Non-Blocking I/O., that eliminates waiting to server requests in a queue.

-
- Building a Web Server with ExpressJS
 - Node.js MongoDB create Database
 - Node.js MongoDB Insert Collection
 - Node.js MongoDB Find
 - Node.js MongoDB Delete Database
 - React Components
 - React Props
 - React Events
 - React Hooks
 - Building a RESTful API
 - Building Web Applications with React

Project: Mental Health Application.

Total number of Students Benefited - 183

Dear Sir/Madam

As per the instructions from the Principal sir, I am sending this mail.

Greetings. The inaugural session of the Huawei Foundation course is scheduled tomorrow (22-10-2021) from 3pm - 4.15pm. I request you to inform all the III year B.E/B.Tech students (all departments - Total 3rd Year Students - 609) to attend this session without fail. Kindly inform all the III year students to bring their mobile phone and headsets to attend this webinar during the 5th hour. We expect around 600 participants for this inaugural session. I seek your help for the smooth conduct of this session. I humbly request all the faculty members to join for this inaugural session. The details of the meeting link are given below.

Dear S. Venkata Subramanian Sir,

Greetings from CodeChef!

As discussed on a call, please find the details about the CCDSA program below.

About CCDSA:

- CCDSA is CodeChef Certification for Data Structures and Algorithms. It is a 3 hour exam to test proficiency in programming, math, logic and DSA.
- Two levels of CCDSA: Foundation and Advanced.
- Conducted in an offline / proctored environment at various centers across India.

Benefit for Students:

- CCDSA Foundation
 - Equivalent to 3rd on CodeChef
 - Displays ability on basic DSA, mathematics and logic along with the ability to execute programs required for the same
 - Eligible for Service IT companies and small / medium technology companies as a fresher
- CCDSA Advanced
 - Equivalent to 4th / 5th on CodeChef
 - Displays ability on Advanced DSA, mathematics and logic along with the ability to execute programs required for the same
 - Eligible for all product and technology roles as a fresher

Proposed Collaboration with College:

1. **Becoming a Center:** We are looking for Colleges to be listed on our website as official centers where the CCDSA examination can be conducted. Basic requirements are:

- Computer Lab with systems that meet the following requirements: Windows/Linux OS, Intel i3 and above processors, 8GB RAM, 20GB HDD Space
- Internet connectivity with speed to at least 20Mbps
- Invigilator(s)/ faculty members to proctor the exam
- IT coordinator to ensure systems are ready

Following honorarium to be given for conducting the Test:

- Invigilator: INR 1500
- IT Coordinator: INR 1200
- System Usage: INR 300 for each system used

2. **Promoting CCDSA among College students:**

- Discount of 10% to be provided to the students of the college using the specially generated College Code

Foundation cost: INR 3500 (Pre-discount)

Advanced cost: INR 4500 (Pre-discount)

- Rs 500 per students referral to the college if the students use the college code
- In case the college does not want to enable referral fees, a total discount of 20% can be given to the students

CCDSA can really add value to the CV and Interview readiness of students and we are really looking forward to collaborating with your college to ensure more and more students can benefit from this certification.

Please feel free to ask questions if you have any. We would be happy to get on a call and discuss this in detail.

Looking forward to hearing from you soon.

Thanks & Regards

INLUSTRO – TECHNICAL INTERVIEW

TECHNICAL
INTERVIEW – AN
ENIGMA EXPLAINED

Dear Students,

Greetings from InLustro!! Hope this message finds you well! We request your presence at our event ***“Technical Interview- An Enigma Explained”***, which will be held from the ***28th March 2022 to 1st April 2022*** and will cover all the topics around the technical recruitment process.

This can serve as a perfect platform for you to take the learnings and insights and make connections with the wide range of professionals from top institutes who will be sharing different aspects of the technical recruitment process, about the session themes mentioned below-

Date: 28th March 2022
Topic: What are the opportunities available for technology graduates?
Time (IST): 7 PM - 9 PM
Date: 29th March 2022
Topic: Format of a technical interview
Time (IST): 7 PM - 9 PM
Date: 30th March 2022
Topic: Tips & tricks to ace the technical interview
Time (IST): 7 PM - 9 PM
Date: 31st March 2022
Topic: Mock technical interview
Time (IST): 7 PM - 9 PM
Date: 1st April 2022
Topic: Tips on how to build a resume and a job application
Time (IST): 7 PM - 9 PM

We have speakers from various top companies such as ***Dell, Microsoft, Wipro, Genpact, Workday, Cisco, Blinkit, Tata Communications***, etc.

We would also like to share that this is an ***exclusive paid event*** ticketed at ***Rs.100 per entry per day***, if you would like to register for all five days we are offering a whopping 50% discount with the ***ticket cost being INR. 250 for the entire event***.

For your ease of reference, I am attaching the registration link with this message along with a payment gateway for your students to submit their details.

Register here: <https://forms.gle/SwtavojJHfhaeaX78>

To attend one day please pay using this link,
<https://imjo.in/zcBw7q>

For multiple-day payments use this link.
<https://imjo.in/gSJMFb>

You are requested to fill out the registration form and make the payment and share the screenshot of payment in reply to the message confirming your seat at the event.

Further, please note that we have extended the last date to *submit entries for the program till the 27th of March 2022*. You will also be handed out a certificate for attending the event.

Looking forward to making this event a successful one with your involvement !!

If you have any queries about the event feel free to reach out to us at events@inlustro.co or +91-9123078454.

Thanks & Regards,
Preksha

Dear Sir/Madam,

Thanks for your support in driving Campus Connect activities through Infosys Springboard. We are keen to increase the usage of Springboard platform by more students. We shall conduct a virtual session to demonstrate the features of the Springboard and attend to queries of students. Kindly revert with suitable date and time to conduct the virtual tour of the portal and enable strong Industry-academia collaboration.

Arrangements required for the session:

- Auditorium or seminar hall where students who are registered can attend. We can do multiple sessions to cover all the students based on the strength of the institution. Necessary audio/video arrangements can also be made. Or,
- Request you to inform the students to come with laptop or with the mobile (having Infosys Springboard app installed).
- You may include students and concerned faculty members from your institute for this discussion. We can also do an exclusive session for faculty members as well.

Target audience:

- All students and faculty members of the institution

Schedule: Based on availability of students and faculties**Agenda (1 Hour):**

- Campus Connect and You

- Sprint ahead in your career with Infosys Springboard
- It's Quiz time!!
- Have questions?

For any queries regarding Infosys Springboard platform, you may write to springboard-support@infosys.com. For any other queries please feel free to reach out to your cc anchors. I am reachable on 9986393347.

We look forward to receive reply from you(college SPOC) if student briefing is required with your contact number. This will encourage the students to explore the platform and make best use of the courses.

Best Regards,

Vinay Vasanth

CAMPUS CONNECT - SPOC'S MEET

Dear Professor,

Greetings from Infosys!

"A word is a word, and a picture is worth a thousand.... but a brand is worth a million!" — Tony Hsieh

Thank you for your continued support for Campus Connect programs and for onboarding your students on Infosys Springboard. As a step to ensure that we learn from each other and continue to interact regularly, we would like to invite you to an e-meet with the theme "Model College Microsite on Infosys Springboard". This model microsite offers institutions to customize the Infosys Springboard courses to suit their curriculum as well as make use of all the next-gen learning features.

The agenda and meeting details are as follows:

AGENDA	MEETING DETAILS
<ul style="list-style-type: none"> • Address by Infosys Leadership • Model College Microsite on Infosys Springboard • Learning Statistics • Experience sharing by SPOC of the month • Q&A 	<p>Date: 13th April, 2022</p> <p>Time: 11:00 AM - 12:30 PM</p> <p>Meeting number: 2510 046 7715</p> <p>Session Password: Infy123</p>

[CLICK HERE TO JOIN](#)

Please confirm your presence by accepting the meeting invite.

For queries, please feel free to reach out to your respective CC anchor.

Thanks you once again and we look forward to meeting you on **Apr 13, 2022**.

Regards,

Report on "Infosys - Springboard - Virtual Roadshow"

Infosys has initiated "Springboard", which enable students and associated communities from early education to employment by enabling them on digital and supporting life skills. We as a partner of Infosys Campus Connect program are also a part of it. The Infosys team brings quality content from its partners and leading universities across the world, in its Springboard platform through <https://infyspringboard.onwingspan.com/en/login>.

Base the above note, Infosys has organized a virtual roadshow of its "Springboard" platform which will help students to crack InfyTQ and HackwithInfy. A webex meet was arranged by Infosys on 13.04.2022 between 10.30 am and 12.00 noon through the Meeting link: <https://infosys.webex.com/infosys/j.php?MTID=mb8900d938cdbcf8eb31929f2ca791d8> and nearly 600 students of CIVIL, CSE, ECE, EEE, ICE, IT actively participated. The session covered the basics of Springboard platform with registration, course content available, subscribing for a specific course content and certification.

It offers curriculum-rich platform for students of all communities. The program allows students to prepare themselves for emerging jobs and careers, to enhance advanced digital skills. It is a self tracking platform that keeps track of the learning time, resource accessed, number of quizzes successfully completed, assignment carried out and assessment taken up periodically. It provides a certification as the course gets successfully completed the student within the stipulated time.

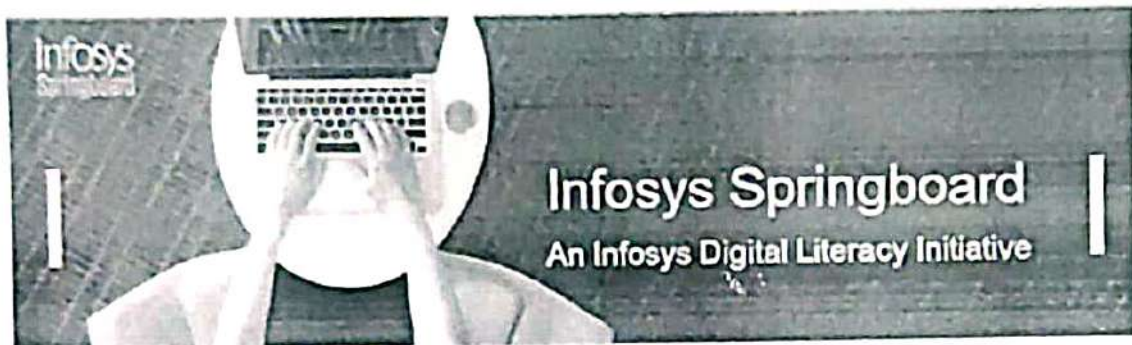

Exclusive Invitation for Infosys Springboard Virtual Roadshow

Dear professor,

Please ignore the previous mail. This date is the update one. Sorry for the inconvenience caused

Greetings,

Thank you for your support in driving Campus Connect activities through Infosys Springboard. As discussed, we have planned a virtual session/roadshow for your students and faculty to demonstrate the Infosys Springboard platform and apprise them on the various Campus Connect interventions for a strong Industry-academia collaboration.

**Infosys Springboard's New UI**

For more information, please contact the Infosys team.

Auditorium or Seminar hall

Auditorium or seminar hall where students who are registered can attend. We can do multiple sessions to cover all the students based on the strength of the institution. Necessary audio/video arrangements can also be made.

Students to login to Infosys Springboard website/app

Request you to inform the students to login and access Infosys Springboard on the laptop and download the app on their phones too.

Target audience

You may include students and concerned faculty members from your institute for this discussion. We can also do an exclusive session for faculty members as well.

Schedule

Date	13-Apr-2022
Timings	10:30 am to 12:00pm
Meeting Link	Click Here
Meeting Number	2515 485 0534
Meeting Password	Infy_58@123

For any queries regarding Infosys Springboard platform, you may write to springboard-support@infosys.com.

We look forward to your active participation.

Dear HODs,

I bring it to your notice that Infosys is organizing a "Virtual roadshow of its Springboard platform" which will help students to crack InfyIQ and trackwithInfy. In this regard, students of II Year and III Year are expected to attend this virtual roadshow on 13.04.2022(Wednesday) between 10.30 am and 12.00 noon.

Since, it is a virtual tour, kindly ensure that students have themselves registered in the Springboard platform. Details of the list of students attending the roadshow along with the department coordinator details(for Infosys) must be given in the prescribed format on or before 11.04.2022(Monday) before 1.00PM

Note: (for registration - ignore if already done):

1. for desktop registration use the following link : <https://infyspringboard.onwingspan.com/en/login>
2. for mobile app : use Playstore to download the app and register

PFA - for list format enclosure

Dear HODs,

Gentle Reminder for the mail sent on 08.04.2022.Kindly furnish the details before 01.00 PM today(11.04.2022).

I bring it to your notice that Infosys is organizing a "Virtual roadshow of its Springboard platform" which will help students to crack InfyTQ and HackwithInfy. In this regard, students of II Year and III Year are expected to attend this virtual roadshow on 13.04.2022(Wednesday) between 10.30 am and 12.00 noon.

Since, it is a virtual tour, kindly ensure that students have themselves registered in the Springboard platform. Details of the list of students attending the roadshow along with the department coordinator details(for Infosys) must be given in the prescribed format on or before 11.04.2022(Monday) before 1.00PM.

Note: (for registration - ignore if already done);

1. for desktop registration use the following link : <https://infyspringboard.onwingspan.com/en/login>
2. for mobile app : use Playstore to download the app and register

PFA - for list format enclosure

Dear HODs,

Kindly ensure that students have done the following for attending "Virtual Roadshow of Infosys SpringBoard" on 13.04.2022 at 10.30 am

1. Need to use Webex meet to attend in phone / laptop (can have their own mobile / laptop with data connection to attend (with headphones))
2. Registered in the Springboard platform.
3. If not registered, two / more registered students with the coordinator registered themselves can do peer enablement post session (if needed)

Note:

The webex meet link will be shared by 10.00 am tomorrow (12.04.2022).

SARANATHAN COLLEGE OF ENGINEERING
(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai-25)
DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING
(Accredited by NBA and NAAC with A+ grade)

SCE/ECE/NAAC/C2/Proposals/Webinar/2021-2022/Odd sem/

Date: 02/12/2021

Submitted to : The Principal

Submitted through: HoD / ECE

Submitted by: Course Instructors of Antennas and Microwave Engineering (EC 8701) for IV year ECE

Sub: Proposal to conduct a Webinar on Design of RF Cicuits using Smith Charts – reg.,

Respected Sir,

Sub: Proposal to conduct a webinar on Design of RF Cicuits using Smith Charts -reg.,

In order to Provide an exposure on the design RF circuits to the final year ECE students in terms of participative learning and tips and tricks on Problem solving techniques using smith Charts, it is proposed to invite a subject Expert, Mr.T.Jayanandhan, Founder & CEO of M/S Tesla Minds, Chennai to deliver a special lecture on the design of RF Circuits though ONLINE.

We have already signed a MoU with M/S Tesla Minds, Chennai last academic year. This webinar could also be brought under collaborative activities related to MoU . The Honorarium could be decided based on the policy our institution.

Hence, Our Principal is requested to kindly accord approval for arranging the special online webinar in the week end (proposed date of webinar : 04-12-2021, Saturday).

Thanking you,

With Regards

Webinar on RF Systems / Circuits using Smith Chart – A Report

As Quoted by William Arthur, “ the mediocre teacher tells, the good teacher explains, the superior teacher demonstrates and the great teacher inspires”.

Resource Person : Mr.T.V.Jayanandan,
CEO, Tesla Minds, Chennai.
Date : 06-12-2021
Time : 06:00 pm to 7:30 pm
Platform : G-meet

For the benefit of final year students on the Course “Antennas and Microwave Engineering”, we have organized a webinar on “**RF Systems/Circuits using Smith Charts**”, on 06-12-2021 between 06:00 pm and 07:30 pm, through online mode in G-meet platform.

Mr.T.V.Jayanandan, CEO, Tesla Minds, Chennai was the resource person. Dr.V.Mohan, Associate Professor, Department of ECE welcomed the gathering and introduced the speaker to the forum.

The main objective of the webinar was to give an elaborate and in-depth knowledge on the design of RF circuits such as Amplifier, Oscillator and Mixer with impedance matching circuits using smith chart.

Subject Expert, Mr.T.V.Jayanandan explained the design of RF circuits using Smith chart with neat diagrams and clear concepts. He gave some work out on design of mixers to the students. During the session, the guest speaker gave guidelines for getting opportunities in the RF industry.

He concluded his lecture by illustrating a research work completed on design of filter with impedance matching network as an example for creating the interest in working in the area of RF system design.

Finally, Dr.P.Shanmugapriya, Associate Professor, Department of ECE, proposed vote of thanks.

Circular

Subject: LabVIEW Training- Slot 1

This is for the information of all concerned students who had registered for LabVIEW course for the academic year 2021-2022

1. The training will commence from (27-07-2021) to (06-08-2021)
2. You are requested to be in online in GCR as per below given schedule.
3. Students are instructed to strictly follow the program schedule
4. If any change in program schedule/timing, will be intimated in advance.
4. For any other query, contact the event coordinator

SLOT 1 - Time Table

Date	Session 1	Session 2	Hours
27-07-2021	9.30am to 11.00am	11.30am to 01.00pm	3
28-07-2021	9.30am to 11.00am	11.30am to 01.00pm	3
29-07-2021	9.30am to 11.00am	11.30am to 01.00pm	3
30-07-2021	9.30am to 11.00am	11.30am to 01.00pm	3
31-07-2021	9.30am to 11.00am	11.30am to 01.00pm	3
02-08-2021	9.30am to 11.00am	11.30am to 01.00pm	3
03-08-2021	9.30am to 11.00am	11.30am to 01.00pm	3
04-08-2021	9.30am to 11.00am	11.30am to 01.00pm	3
05-08-2021	9.30am to 11.00am	11.30am to 01.00pm	3

LabVIEW Training Report

Department Organized: INSTRUMENTATION AND CONTROL ENGINEERING

Mode: Online Mode- Google classroom

Participated by: Final year ICE Students

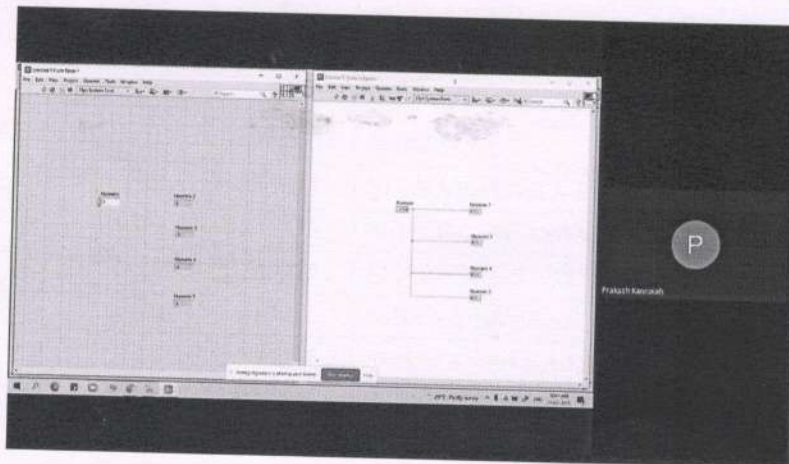

Event: 5 days, Training from "27-07-2021 to 06-08-2021".

Resource Person: Mr. Prakash - Optithought

Number of participants: 30

Highlights of Event:

1. LabVIEW Core 1 and Core 2 course contents were discussed
2. Concepts on Basics of LabVIEW, Arithmetic operations, Boolean logic, strings and data types, charts, graphs, loops are discussed.
3. Real time working examples were discussed; demo on myRIO usage is also discussed.
