Dr. C.Krishnakumar HoD/EEE welcomed the PAC Members for the Eighth meeting and greeted, and shared his happiness in achieving NBA accreditation for the Department of EEE for next three years. He thanked the members of the PAC for their support. Further, he recollected the POs, PSOs, PEOs of the department and also elaborately mentioned the progress attained by the department.

Dr. D.Valavan, Principal, greeted the members PAC and shared his happiness in achieving **A+ grade** in the recent **NAAC assessment** by scoring 3.27 points on a scale of 4. A three-member peer team including a chairman, member secretary and a member for qualitative assessment visited the college on **April 8-9, 2021**. The assessment of the peer team constitutes 30% of the total assessment process of NAAC. Rest of the 70% depends on the 110-page detailed self-study report submitted by the institution followed by peer team visit for qualitative assessment. While the institution is evaluated on seven major parameters, SCE secured well in terms of curricular aspects besides infrastructure and learning resources. The whole accreditation process was challenging considering the high standards of the assessment process. We are satisfied with the outcome even though we believe that we are capable of getting an even higher score. The NAAC accreditation will help the institution to get autonomous status besides research grants from various central agencies. He also said the college already has NBA accreditation for six undergraduate branches of engineering out of total seven. We are planning to open one more branches next year, he added.

1. The minutes of the seventh meeting of PAC were confirmed.

***Minutes of the discussion on the agenda items of the seventh meeting of the PAC are:***

**2. Review CO- PO - PSO assessment and recommend actions based upon the findings.**

- The CO, PO and PSO attainment for the 2018-2022 batch graduates were projected with the process of evaluating the CO, PO, and PSO attainment.
- Since the student's mind is getting diverted due to excess usage of electronic gadgets and social media, it was recommended to change the teaching methodology to enhance the level of learning and hence the target of CO, PO, and PSO can be achieved.

**3. How grow institution academically through online mode.**

**Er. V. ILANCHEZHIAN**, Industrial Expert expressed his views on online mode of classes, In this Covid pandemic situation the students attending physical mode class are restricted by the government as the safety measure to stop the spreading, these times the ICT teaching tools plays a vital role in handling class. Hence use all the possible ways and means to use ICT teaching tools available. The institute can spare some amount in purchase of license if required. He also said that the specialized trainings given to the faculty members may also help them to understand the need of industries

**4. Need of change in teaching methodology.**

The teachers has to change the Page 29 of 260 teaching, the traditional chalk and talk

method miserably fails due to the covid situation, hence all the teaching fraternity should learn new ICT teaching methodology and convey the technical knowledge as much as possible to the students. The faculty members are advised to attend few FDP/Workshop to get knowledge on the possible ICT tools so that they can reach students easily.

**5. Identifying the gap in curriculum addressing industry needs and ways to bridge the same**

- Further, Ms M.Pavithra IV Civil, Internal stakeholder, requested the department to organize some eye opening events such as workshops, seminars, and hands on training or talks by experts from industry.
- Mr. Gowtham III Civil, Internal stakeholder, asked to include a doubt clearing session for every course apart from the tutorial classes which are mainly focusing on problem solving only.

**6. Recommendation of equipment, supplies or the development of simulated work environments**

- The PAC requested to provide a spacious library in which all available study material must be displayed with a proper/specific label in the department library for clear visibility and also suggested to provide some seating arrangements to the students to take notes.

**7. Review existing equipment, facilities, resources and its utilization.**

- Members of PAC happily recollected the protection switch gear lab utilized for experimental learning for the protection switch gear course for all final year students and asked to continue this experimental learning. Further the PAC asked to conduct switch gear training sessions for nearby institutions at reasonable fee so that it can generate some revenue. Happy to know that the department has received fund from Modernization and Removal of Obsolescence (MODROBS) to upgrade the laboratories to advanced research activities.

**8. Review courses of study and standards of proficiency in areas which are essential to becoming successfully employed in a career path.**

- Er.R.Murali, Managing Director, Madras Switch Gears Private Limited, suggested to offer some important professional courses in addition to the regular technical courses. He added further to conduct professional workshops to develop the skills required to improve employability.

**9. To review the status of Research Projects sponsored by Government / Non-Government Agencies and suggest steps for enhancement of grants.**

- Expert from NIT Trichy, Dr. S. T.Ramesh Chennai insisted the faculties who have completed their Doctoral degree to apply for guide ship and to approach the funding agencies which may be either Government or Non-Government Agencies for funded research and grants for STTP, FDP, Workshop etc.

- Further he added, to increase faculty research publication numbers at least one per semester.

**10. To review the status of Internal Resource Generation.**

PAC recommended the Department of Civil Engineering may make necessary arrangements to conduct faculty development programmes (FDP) and Short Term Training Programmes (STTP). It is also suggested that the department may offer consultancy services, like, energy auditing, testing commissioning, etc..

**11. To review the Alumni Engagements and enhancement of alumni interaction.**

- The report to be submitted to the PAC members for approval to conduct the alumni meeting and suggestions on the same. It is shared that the alumni meeting may help to debate and discussion over the existing problems in the department and to reach the possible solutions to eradicate the identified.

As there was no other item placed before the Chair. The meeting ended with a vote of Thanks.

SEMESTER : 2022-2023 EVEN

ACADEMIC YEAR: 2022-2023

Students submit their feedback on a scale of 100 percent which is used to assess the performance of the Faculty. On 17-05-2023 at 4.45pm in the Principal's cabin, the Principal conducted a meeting for faculty members regarding the student feedback report. He praised those who scored above the 75 percent mark and advised those who scored below the 70% mark to work harder in the future.

### **DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

The meeting started at 1.00 p.m. with a warm welcome and introduction of the PAC members by HoD/CSE. The Institution's Vision and Mission were shared by the Principal with all stakeholders. The Head of the CSE Department highlighted the Vision, Mission, Program Educational Objectives (PEOs), Program Outcomes (POs), and Program Specific Outcomes (PSOs) of the CSE program.

There was an elaborate discussion about the curriculum and syllabus as per Regulation 2021. The committee members emphasized the significance of the various elements such as value-added courses, mandatory courses, verticals, specializations, and open electives and pointed out that these components contribute to a well-rounded education and skill development for the students.

The attainment of Course Outcomes related to Program Outcomes (CO-PO) and Program Specific Outcomes (CO-PSO) for the previous academic year were projected to the Program Advisory Committee (PAC) members. The improved achievement levels in various subjects were presented.

Stakeholders provided valuable suggestions to enhance the achievement of Program Outcomes (POs) and Program Specific Outcomes (PSOs) through value-added initiatives.

- Dr. V. R. Raghuveer emphasized the importance of students establishing a strong foundation in fundamental concepts of core subjects. He also stressed on providing hands-on training to students on cutting-edge technologies particularly AI, ML, Cloud, IoT, Cyber Security etc. He also encouraged the faculty members to submit research proposals and to organize co-curricular activities like Faculty Development Programs (FDPs), Seminars, Workshops, and Conferences.
- Mr. M. N. Karthikeyan underscored the importance of training, encompassing both technical and soft skills for the students. He highlighted career opportunities for engineers in the corporate sector. He also briefed everyone on the latest trends in the IT industry.
- Mr. Rathna Prasad highlighted the expectations of the IT industries and outlined industry expectations. He also requested the faculty members to encourage the students to pursue technical certification courses to augment their knowledge and skills.

## **TIRUCHIRAPALLI - 620 012.**

### **DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**

- Dr. Nisha Jebaseeli and Mr. Ananthasayanam, parents of students, lauded the institution's progress. They recommended organizing additional campus recruitments to advance students' careers. They pointed out the importance of extra technical and soft skills training be given to the students to secure good placements.

The accomplishments of the students during the academic year 2021-2022 were acknowledged. The Program Advisory Committee (PAC) members approved the plans to address curriculum gaps and enhance the attainment in the academic year 2022-2023.

#### **Co Curricular Activities (CCA) plan for the Academic Year 2022-2023**

##### **Proposed Guidelines to Plan the co-curricular activities (CCA)**

1. Special / Guest Lectures/ Seminars may be organized for the students with the aim to provide exposure to recent technological trends, to impart strong foundation in basics and to enhance technical skills.
2. Coding/Debugging/ Paper Presentation/ Project Presentation contests may be organized.
3. Workshops with hands on experience may be arranged during the course of the semester to strengthen the technical skills of the students.
4. Students may be encouraged to take up internships during vacation.

##### **Curriculum Gaps Identified**

Advanced programming in Python is not provided in the curriculum of Regulation 2017. Modern AI and Data Analytic tools are not included in the syllabus of Regulation 2017. Lack of Personality development skills courses.

**Activities to bridge the gaps identified will enable the Students to** Strengthen their coding skills, expose them to latest trends and will aid them to apply effective communication skills and management principles for work place success.

### CIRCULAR

27.02.23

First class committee meeting for V semester ECE will be held on 28.02.2023 between 12.50 pm and 1.10 pm at Microprocessor lab. The committee members are requested to attend the meeting.

#### AGENDA

1. Discussion about attendance performance of the students
2. Discussion about the performance of the students in IA test
3. Discussion about the availability of books in library
4. Any Other issues of concern for the students.
5. Discussion about the disciplinary issues.

#### CLASS COMMITTEE MEMBERS

##### STAFF MEMBERS

1. Dr.M.Padmaa
2. Dr.S.A.Aruunmozhi

19.05.23

First class committee meeting for IV semester ECE was held on 18.05.2022 between 12.35 pm and 1.00 pm at Microprocessor lab. The following committee members were present.

**CLASS COMMITTEE MEMBERS**

STAFF MEMBERS	STUDENT MEMBERS
1. Dr.M.Padmaa	1. ANANDHA VADHANI. M
2. Dr.S.A.Arunmozhi	2. CHANDRASEKAR. C
3. Dr.S.Rajeswari	3. GAYATHIRI. P
4. Dr.P.Shanmugapriya	4. GURU VENKATESH. S
5. Dr.V.Mohan	5. HARIKRISHNAN. S
6. Dr.M.Baritha begum	6. ILLAKIYA. S
7. Mr.G.Sivakannu	7. JEFFRIN VALENTINA. R S
8. J.Eindhmathy	8. KARTHIKA. K
9. Mr.M.Mahendran	9. SHARAN SRINIVAS. S S
10. Ms.Thulasi	10. HARI RAM. V
11. Mr.Lakshmanan	

Availability of books in the library, and attendance performance of the students were discussed.

Class handling staff members and students interacted and shared their views. Staff members suggested their views to improve the performance of students,

Students told that they need study materials for theory subjects and extra time need to be spent for problematic subjects.

Students told that Industrial Visit need to be arranged. Chairperson told that the request will be forwarded to the higher authorities and necessary action will be taken.

Class: II EEE-A

Time: 12.45 PM to 1.00 PM

Venue: Computing lab

Firstclass committee meeting for II year EEE class was conducted on 30/09/2022.

The minutes of the class committee meeting is recorded below.

- 1) IAT-I result analysis was discussed for all the subjects and the class pass percentage is 56%
- 2) Students were motivated to score high marks to gain their internal marks and therefore to improve the result in the forthcoming exams.
- 3) The students felt comfortable in their subjects
- 4) Students are advised to be interactive in theory classes.
- 5) Students are insisted to avoid absenteeism for their classes and also to adhere the class timings after the break interval.

### Action Taken Report

Class: II EEE-A

Venue: Computing Lab

Firstclass committee meeting for II EEE class was conducted on 30/09/2022.

The Action taken report based on the minutes of the class committee meeting is recorded below.

S.No	Description of the Issue	Action taken
1.	Students asked for question bank	Staff members were asked to prepare question bank for their subject and post it in the GCR
2	Students asked for material for all the subject	Staff members were asked to post the material for their subject in the GCR
3.	Staff members felt that students are not interactive and certain students were regularly absent for the classes	Mentors were asked to hold a meeting on 05-10-2022 for their mentors and motivate the students.
4	Lateral Entry Students asked for special classes for the missing topics	Staffs were asked to conduct special classes for the lateral entry students at their own convenient time

The above staffs were called for a meeting with HOD at his cabin. They were communicated about their feedback score and were advised to take some measures to improve their performance. They were insisted to do students counselling in a friendly way and were asked to give the real time applications about their subject so as to make the students to be more interactive with utmost interest in the class. Also added that, they should be a little bit louder while teaching and to be well prepared for the class. Head of Department insisted all faculty to treat all students equally and to interact with all students frequently so as to create enthusiasm in the subject. He instructed all to complete the syllabus in a steady pace. The staff members were also accepted the suggestions given by HOD and assured to do the same.

Dr. C.Krishnakumar HoD/EEE, greeted and welcomed the PAC Members for the seventh meeting, and shared his happiness in achieving NAAC accreditation for the Department of EEE. He thanked the members of the PAC for their support. Further, he recollected the POs, PSOs, PEOs of the department and also elaborately mentioned the progress attained by the department.

Dr. D.Valavan, Principal, SCE shared his views in achieving NBA for all six eligible under graduate programmes at a time. He also expressed that the institution is in the process of obtaining the autonomous status for the institution. The PAC members are requested to consider all aspects of the departmental activities and achievements and to guide the department to march towards its next level. Additionally, PAC may fix some targets for the department to achieve within the next meet.

1. The minutes of the sixth meeting of PAC were confirmed.

*Minutes of the discussion on the agenda items of the seventh meeting of the PAC are:*

**2. Review CO- PO - PSO assessment and recommend actions based upon the findings.**

- The CO, PO and PSO attainment for the 2017-2021 batch graduates were projected with the process of evaluating the CO, PO, and PSO attainment.
- Since the student's mind is getting diverted due to excess usage of electronic gadgets and social media, it was recommended to change the teaching methodology to enhance the level of learning and hence the target of CO, PO, and PSO can be achieved.

**3. Process to be adopted for preparation of students meeting the future (industrial demand) job market.**

- Er.R.Murali, (Industry Expert, Managing Director, Madras Switch Gears Private Limited,) proposed that the faculty members must understand the job market to nurture the students as industry ready. He also said that the specialized trainings given to the faculty members may also help them to understand the need of industries. He asked the department to offer some carrier guidance sessions to make the students aware of job market.

**4. Review of the professional elective courses introduced as six verticals in the new regulations 2021**

- The professional elective courses grouped as six verticals that represent a particular area of specialization was projected.
- The procedure for the registration of courses for B.E./B.Tech (Honours) or Minor degree in semester V to VIII were explained as per regulation 2021, clause 4.10. (Amendments)
- PAC members suggested that students may be encouraged to obtain B.E (honours) or minor degree.

**5. Identifying the gap in curriculum addressing industry needs and ways to bridge the same**

- i. Er.A.G.Balaji Ponnambalam, (Alumni) Systems Engineer, Infosys, Bangalore expressed that the curriculum covers only the basics of the engineering, so he suggested to conduct an eye opening session on the latest technological advancements in all the subjects.
- ii. Further, Ms S. Priyadharshni, Internal stakeholder, requested the department to organize some eye opening events such as workshops, seminars, and hands on training or talks by experts from industry.
- iii. Mr. S. Karthikeyan, Internal stakeholder, asked to include a doubt clearing session for every course apart from the tutorial classes which are mainly focusing on problem solving only.

**6. Improve the instructors (teachers) competencies to industry standards**

- Professional development of a teacher is a continuous and lifelong process of learning. Teacher's learning is nothing but imparting and implementing the acquired knowledge.
- The PAC members suggested the faculty members to participate in various faculty development programmes to upgrade their technical skill in recent technologies. The PAC also asserted to share the newly learned topics/software among their colleagues and their students.

**7. Recommendation of equipment, supplies or the development of simulated work environments**

- The PAC requested to provide a spacious library in which all available study material must be displayed with a proper/specific label in the department library for clear visibility and also suggested to provide some seating arrangements to the students to take notes.

**8. Work-based learning.**

- Er.R.Shantha Devi, (Alumni) Hardware Project Engineer, initiated a discussion on simulated work-based learning (WBL) through which the students are able to obtain realistic workplace experiences by applying their academic and technical skills.
- Dr.S.Venkatanarayanan, IEEE Senior member, included that the work based learning include sites utilizing simulation tools to teach specific skills or tasks associated with a given job; simulated workplaces to replicate a range of workplace expectations and behaviours; or college-based enterprises that offer students holistic experience in running an actual business in a given industry.
- Dr.M.Premalatha, Assistant Professor, Eminent Academician, also joined with the above two to convey that the WBL facilitates an opportunity for experiential learning to the students to learn and practice their skills within a protected environment.

**9. Review existing equipment, facilities, resources and its utilization.**

- Members of PAC happily recollected the protection switch gear lab utilized for experimental learning for the protection switch gear course for all final year students and asked to continue this experimental learning. Further the PAC asked to conduct

switch gear training sessions for nearby institutions at reasonable fee so that it can generate some revenue. The PAC also insisted to apply for Modernisation and Removal of Obsolescence (MODROBS) to upgrade the laboratories to advanced research activities.

**10. Review courses of study and standards of proficiency in areas which are essential to becoming successfully employed in a career path.**

- Er.R.Murali, Managing Director, Madras Switch Gears Private Limited, suggested to offer some important professional courses in addition to the regular technical courses. He added further to conduct professional workshops to develop the skills required to improve employability. He also suggested to start a dedicated career guidance cell in the department to strengthen and enhance placement training sessions.

**11. To review the status of Research Projects sponsored by Government / Non-Government Agencies and suggest steps for enhancement of grants.**

- Research Organization member of PAC, Er.V.Kaviraj, Assistant Manager, Research & Development, Brakes India Private Limited, Chennai insisted the faculty who have completed their Doctoral degree to apply for guidance and to approach the funding agencies which may be either Government or Non-Government Agencies for funded research and grants for STTP, FDP, Workshop etc.
- Further he added, to increase faculty research publication numbers at least one per semester.

**12. To review the status of Internal Resource Generation.**

- PAC recommended the Department of Electrical and Electronics Engineering may make necessary arrangements to conduct faculty development programmes (FDP) and Short Term Training Programmes (STTP). It is also suggested that the department may offer consultancy services, like, energy auditing, testing commissioning, etc.. The planning and route map to flourish towards 'Corporate Trainings' and 'Consultancy services' are to be prepared and submitted to the PAC for consideration in its next meetings.

**13. To review the Alumni Engagements and enhancement of alumni interaction.**

- The report to be submitted to the PAC members for approval to conduct the alumni meeting and suggestions on the same. It is shared that the alumni meeting may help to debate and discussion over the existing problems in the department and to reach the possible solutions to eradicate the identified.

As there was no other item placed before the Chair. The meeting ended with a vote of Thanks.

### Submitted to the Principal:

The Program Advisory Committee (PAC) meeting was conducted on 11-06-2022 to strengthen the CO-PO and CO-PSO attainment. Based on the suggestions given by the committee, actions taken by the department are summarised as follows.

#### 1. Events organised during 2022-23:

S.No	Name of the Programme	Duration
1	Engineer's Day celebration- A motivational lecture on "how to start"	15-09-2022
2	Workshop by IEI student chapter on "Programming and Interfacing Peripherals with Arduino"	21-03-2023 ( 1 day)
3	Workshop on "Industrial Practices & Learning of State-of-the art LV and HV Switchgear"	23-03-2023 (Batch -I) 30-03-2023 (Batch-II) 06-04-2023 (Batch-III)
4	Webinar by IEEE student branch on "An IOT Forecast That's Sunny and Clear (No Clouds!)"	24-05-2023
5	Webinar by IEEE student branch on "RECENT TRENDS IN SOFTWARE TESTING INDUSTRY"	21-05-2023

2. Three staff members of our department have been duly recognised as Supervisors by the Anna University under the faculty of electrical engineering during the academic year 2022-23.
3. The recent trends and technological improvements in the fields related to the corresponding courses are explained to the students by the faculty members for one or two hours.

- In connection with Principal meeting on 22.09.22 regarding remedial and slip test, the staff meeting with HOD has been planned.
- Principal found that there is uniformity in the remedial classes conducted on last two days hence the following decisions are instructed to the faculty.
- The students and staff members should be available up to 6.30.
- During the remedial class there is an effective mentorship should be given to the students.
- The students are given with proper material for the study and the content (theory, derivation, formulae) should be taught again for the clarification.
- The students who are coming late should be properly monitored and the necessary corrective action need to be taken.
- Faculty attendance should also be maintained and reported to office within 9.20AM and to principal by 9.30AM.
- The mentors should verify the study materials of the students before the IA exam and report it at CCM.
- Ensure the display of IA topper list on the department notice board within two to three days of last entry of the marks.
- The absence of students for the slip test should be informed to their parents immediately.
- There is a common format for the remedial test which is to be followed uniformly.

Remedial Test Common Format to be followed :

2 Marks - 5 (  $5 \times 2 = 10$  Marks)  
15 Marks - 1 (  $1 \times 15 = 15$  Marks) – with two subdivisions

- The Principal meeting HoD's was conducted on 11.10.2022 to discuss the general discipline of the staff and students on campus.
- The faculty members are instructed to be on time and serious when handling the classes. They are advised to strictly communicate in English while delivering the content.
- The student cultures are diluted in maintaining the punctuality during break time. Many students came late to the class, and they were in the canteen even after the classes started.
- The students should be instructed to avoid mobile phone usage inside the classroom, even during break hours. They have to keep their phones in switched off mode during 9 a.m. to 5 p.m.
- The faculty members insisted on avoiding the usage of mobile devices inside the classroom, labs, and invigilation hall.
- The laboratory classes should be given with the utmost care for the welfare of the students.
- Faculty members who have been nominated as mentors or mentees are insisted to offer their counseling in a more effective manner, not for the sake of documentation. The random verification of their mentorship will be evaluated, and if any one finds non compliance, severe action will be taken against them.
- The expected University results percentage for the faculty should be above 90%.
- Without basic discipline among staff members and students, no improvements can be achieved.

- The faculty meeting was conducted on November 1<sup>st</sup>2022 to share few points regarding general issues.
- The number of students for the first-year admission is not upto expected strength. The suggestions for improving the strength can only be due to student's positive feedback. Though there are many ways, the students Ambassador can only do better than else.
- In the history of Saranathan, we followed only the materialistic approach for the admission without any advertisement and marketing.
- The only effective way of having good admission is through efficient lecturing, projects, academic results and placements.
- The faculty members are instructed to complete the responsibilities allotted to them in the Google sheet on or before 4th November.

#### Faculty Feedback Report (April /MAY) based Counselling Report

02.06.2021

III year: Feedbacks for all the staff members are satisfactory. Ms. J. Sangeethapriya and Mr. V. Manoj Kumar have scored above 85% and they are appreciated for their effort. Ms.A.Sheelavathi, Ms.M.Padmapriya and Mr. R. Rengaraj have got a feedback above 80% and they are appreciated for their effort. Mr. P. Anand and Ms. N. Bhavani have received a feedback score of 76%. They are advised to make the class lively with interesting real-time examples.

II year: In fourth semester, feedback score of all the three staff members are good and they scored above 88%. Ms. M. Padmapriya and Ms. J. Sangeethapriya are appreciated for their good feedback score of 94% and 92% respectively.

I year: Mr. P.Anand has got 62% of feedback score. He is advised to be friendly with students and motivate the students to show interest in coding.

Feedback of Ms. A. Sheelavathi who is handling Data Structures for ICE department is also good and she is motivated to continue her effort. Feedback of Ms. N. Bhavani who is handling Data Structures Design for AIDS department is satisfactory. All the staff members are appreciated for their effort in improving the students' skill.

- 
- Mr.Manikandan insisted that the students should have strong foundation in the fundamental concepts of core subjects. He also briefed about the latest trends in IT Industry
  - Mr. Vinoth specified the expectations of the Industries and the opportunities available for the Engineers in Corporate. He also suggested that the students may be given hands on training on IOT and AI and motivate them to implement projects on the same.
  - Dr.Sheba Kezia Malarchelvi emphasized the need for research committee and advised to categorize the faculty based on expertise. She also encouraged to submit proposals to various funding agencies and suggested to establish Center of Excellence laboratory in collaboration with various industries.
  - Dr.Renugadevi also encouraged applying financial grant to various professional chapters for conduct of co-curricular activities such as Seminar/workshop/conferences. She also suggested the usage of ICT Tools in the classrooms to enhance the students learning and briefed about various learning methods.
  - Alumni Ms. Suvitha praised the college for bringing top companies for placement. She suggested that internships can be arranged for both III & final year students to create awareness about Industry expectations. She also recommended to conduct value added programs to increase the employability of the students in Industry.
  - Parents Mr.Muthukumar and Mrs.Geetha Kumari cherished the development of the Institution and suggested on arranging more campus to enhance the students' career.
  - The faculty members were asked to motivate the students to participate on all national technical contests like Smart India Hackathon.
  - HOD/IT briefed the details of internships and other activities by the students during the year 20-21.
- ❖ The curriculum gaps and the plan of actions for the academic year 21-22 were suggested and approved by the PAC members to strengthen the attainment of CO- PO.& CO-PSO for the forth coming batches of IT program.

**Co Curricular Activities (CCA) plan for the Academic Year 2020-2021**

**Proposed Guidelines for the charting the co-curricular activities (CCA)**

1. All the activities shall be focused on addressing the below :
  - Impart strong foundation in basics
  - Enhance application of academic learning's to solve real time engineering problems
2. There shall be three categories
  - Contest during the course of semester
  - Workshops / Guest Lectures during the course of semester
  - Workshops during the vacation
3. There shall be maximum of three activity in the form of contest per semester
  - All these activity shall not be mandatory for the students; rather students shall participate based on their interest.
  - One contest shall be relevant to the curriculum of the current semester
  - Two contest shall be relevant to the curriculum of previous semesters
  - The contest shall be formulated in such a way that the students will be able to apply the learning's of their curriculum in solving the problem statements, so that they shall establish a relation between what they read
  - The contest shall be a analytical problem solving contest/coding contest/debugging contest/ Technical Quiz/ Paper Presentation/ Mini project contest.
  - Each contest should be well defined and shall have a detailed methodology in conducting as well as evaluating procedure
4. There shall be one or max of two activity in the form of workshops during the course of the semester, which shall be absolutely relevant to the subjects of the current semester, that will help strengthen the understanding of the subject
  - All the workshops should be formulated in such a way that predominant duration of the workshop, the students work by him/herself based on some minimum instructions received from the faculty
5. Special / Guest Lectures may be organized for the students to gain knowledge on latest trends in the IT field.
6. Activities during the vacation shall be decided based on feasibility.

**List of curriculum Gaps identified**

Curriculum Gaps Identified	Students will be able to
Fundamentals of Python Programming are available in first semester. Application of OOPS, DBMS and Data structure concepts in Python are not available.	Strengthen their coding skills and Participate in contests /mini projects using latest technologies
Lack of exposure to the modern tools.  1.Graphics & Multimedia is specified in syllabus for theory. Multimedia tools are not specified.  2.Software Testing Tools are not specified in the syllabus.  3. Practical courses for Big Data Analytics is not given in the curriculum.	Work with all kind of modern tools
Inadequate practical exposure to latest technologies such as IOT, Soft Computing, Virtual Reality	Improve their knowledge in latest trends and understand the expectations of Industries.
Lack of exposure to hardware technologies	Have a better understanding of computer architecture

**Plan for activities for the Academic year 2021-22:**

S.No	Activity	Methodology	Consequence
1	Certification courses with Inlusto Ltd and NPTEL courses	Training and Test	Application of Learning's

**SARANATHAN COLLEGE OF ENGINEERING**  
TIRUCHIRAPALLI - 620 012.  
DEPARTMENT OF INFORMATION TECHNOLOGY

2	Introduction to Latest Trends in IT - Machine Learning, Deep Learning, IoT, Cyber Security, Virtual Reality	Guest Lecture & Webinar	Application of Learning's
3	Practical sessions on Latest Tools	Workshop	Exposure to modern Tools
4	Hands on Training on IOT & AI	Workshop	Exposure to IOT & Machine Learning
5	Hardware assembly and OS installation	Workshop	Better understanding of hardware components and OS
6	Coding Contest, Technical Quiz	Contest	Strengthen the Coding & Technical skills
7	Paper Presentation	Contest	Innovation to learn new and latest concepts and improve communication skills
8	Mini Project Contest	Contest	Application of Learning's

Submitted to the Principal:

The Program Advisory Committee (PAC) meeting for the Academic year 2021-2022 has been conducted on 15.07.2021 to strengthen the CO-PO and CO-PSO attainment. The following Programs were organized by the Department based on the suggestions given by the Committee.

1. Events conducted during 2021-22:

S.No	Name of the Event	Date
1	Seminar on Dps and its employment opportunities in the Industry	27.05.2022 (1 day)
2	Webinar on Advanced Programming in C++	30.05.2022 to 04.06.2022 (6 days)
3	Webinar on Higher Education opportunities in Abroad	25.04.2022 (1 day)
4	Seminar on Scope in Corporate Careers and successful reflections	20.11.2021 (1 day)
5	Seminar on Recent Technologies need in Industry	20.11.2021 (1 day)
6	Mini Project event	18.11.2021 (1 day)
7	Paper Presentation contest	12.11.2021 (1 day)
8	C Programming contest	25.10.2021 (1 day)
9	Java Coding Challenge	22.10.2021 (1 day)
10	Quiz contest in Python	14.06.2021 (1 day)

2. About 10 students registered for NPTEL certification course on various subjects and obtained certificates.

3. Students from II, III & IV year registered for certification courses on various subjects conducted by Inlusto Ltd., and have taken the online test and obtained certificates.

4. The Content beyond syllabus for both Theory and Practical courses has been added. The latest trends and technological improvements in IT related to the corresponding course are explained by the concerned staff member to the students.

### Minutes of Meeting

- ❖ Our Principal Dr.D.Valavan, welcomed the members of seventh PAC meeting.
- ❖ A brief speech was given by Dr.N.Baskar, Professor, Department of Mechanical Engineering.
- ❖ Our HOD briefed the PAC members about various activities carried out in the previous academic year to strengthen CO-PO attainment.
- ❖ Our Program Coordinator emphasized on focus area as well as plan for the AY 2022 -23.
- ❖ Dr.S.Suresh was impressed about number of campus placements in the previous Academic year. He appreciated the T&P team as well as the coordinators.
- ❖ Dr.I.Balasundar once again emphasized on the inclusion of a week-long orientation programme for the students, who are on the verge of coming to college physically after a long hiatus due to ravaging COVID-19 pandemic. He further insisted that this programme will prepare the students both physically and mentally for offline classes, to address mutual teething issues and provide a smooth transition from online mode of teaching to physical mode.
- ❖ Mr.M.Vivekanadhan seconded the thoughts of Dr.I.Balasundar and told that the orientation programme should be followed by various skill development programmes in emerging areas.
- ❖ Mr. AjithaPrabhu expected that various points discussed in PAEC Meeting and the suggestions given by the members of PAEC such as enabling the students to select electives (Professional Elective Courses – PEC) grouped under various verticals. The verticals can be emerging areas related to the respective programmes. He want to discuss his recommendation to be conveyed to Syllabus Framing Sub-Committee of Anna University, Chennai.

- ❖ The PAC, as a whole was quite impressed about various initiatives taken by faculty members for imparting academic knowledge to their respective students by various ICT tools.

**Hod remarks about student's feedback about the Faculty:**

This message was personally communicated by the Hod to the faculty members. It was observed that the following faculty Mr. Vinothkumar Assistant professor and Mr. Paramaguru Assistant professor of mechanical department has obtained students feedback of 66.95% and 73.76% for the subject ME3351/Engineering Mechanics and OAT552/Internal Combustion Engine respectively. It is taken the first feedback from the students during 2022-23 ODD Semester.

The discussion was aimed to know if the concerned faculty is having any issues regarding subject or the students. From the feedback given by the students, it was known that the subject has numerous formulas and students found difficult to understand the subject. Hence the faculty was advised to follow activity based teaching and make the students to understand the concept and solve the equation also instructed to give more number of tutorial problems. In addition, he was advised to motivate the students to contacting one-to-one.

Sir,

Sub:-Class Committee for II MBA (Batch 2021 – 23) – Reg.

Based on the Class committee held with the II MBA Students today (15/10/2022), I am submitting the following points for your kind perusal and approval.

1. The final year students, those who have taken Quality Management and Project Management electives require practical exposure for which guest lectures are planned to be conducted inviting experts from the industry.
2. The students have evinced keen interest in learning more about stock markets and have been guided suitably in pursuing courses which will enhance their knowledge and make them adept in understanding the world of capital markets and investing.
3. While the students are convinced about their skills to clear the written tests in placement selection process of companies, they feel the need to improve their performance in interviews for which mock interviews are planned to be organized.

I kindly request you to approve the same.

**Ref No: SCE/MBA/2022-2023/ODD Sem./Faculty feedback – reg.**

Students' feedback about teachers regarding the efficacy of their teaching styles is collected every semester. The various parameters based on which the students assess the faculty are preparation of the faculty for the classes, subject knowledge and clarity of the faculty, impartiality and fairness of the faculty, student-faculty interaction, valuable/extra information given by the faculty, enthusiasm for teaching, display of care and concern, punctuality in evaluation of assignments and test papers, steady completion of syllabus, ability to speak loudly and clearly, etc. The total composite faculty feedback score is 100 and it is the summation of faculty scores on the specified parameters.

For the period during September-November 2022, the faculty feedback from students was collected on 21<sup>st</sup> November 2022. Based on individual staff feedback reports, it was found that the feedback score of 78.91% obtained by Prof. J. Navaneethakrishnan for the subject, Rewards and Compensation Management handled for II MBA/III Semester students was the lowest score.

The message was personally communicated by the HOD to Prof. J. Navaneethakrishnan and HOD sought to know if the faculty had faced difficulties in the specific class. In the explanation sought from the faculty concerned, it was reasoned that the subject was newly introduced one and there were limited reference books on this new subject. Also, the subject nature was such that it talked about many new concepts and there was very limited scope for offering it in a more lucid manner than how it was discussed in the prescribed textbook. There was only one standard prescribed textbook which also made it difficult for the students to grasp the subject concepts. The HOD suggested that the topics need to be delivered in creative ways which will make the learning process enjoyable for the students and also increase the effectiveness of the learning outcomes.

**VISION**

To mould the college in to a Top class national/international centre of advanced learning, technology and research and enhance national human resource and its power.

**Mission**

To achieve excellence in business education, by adapting to the needs and challenges of dynamic and globally competitive business environment.

The PAC meeting of MBA Department was held on **08.09.2022** and the following points were discussed.

- 1 Syllabus for Training and Placement classes was discussed.
- 2 More number of campus placements need to be arranged.
- 3 Content beyond the syllabus for each subject was discussed in detail. Innovative teaching methods should be included in regular classes.
- 4 Students should be encouraged to present and publish their projects as paper in international conferences and journals.
- 5 Reputed companies should be identified and officials from those companies may be brought to the department for delivering lectures.
- 6 Students should be asked to enrol in online courses offered by IIT's NPTEL towards augmenting their knowledge. Students need to enrich their profile by upskilling themselves.
- 7 Students should be given opportunity to make power point presentations on topics of relevance to MBA students.
